Title:	Ford Foundation records, Administration, Comptroller, Program Management Cost Files
ID:	FA501
Date [inclusive]:	1952-1984 (Bulk: 1967-1982)
Date [bulk]:	bulk
Physical Description:	6.8 Cubic Feet
Physical Description:	(17 Hollinger document boxes)
Language of the Material:	English
Abstract:	The Program Management Cost Files span from 1952 to 1984 and are organized into three series: the Ford Foundation Refugee Fund (1952-1957), Travel and Study Award Policy (1957-1964), and Program Management Costs (1961-1984). Set up in 1952 and administered by the United Nations High Commissioner for Refugees on behalf of the Foundation, the Refugee Fund assisted Western and Central European communities with the economic and social integration of post-war refugees. The files for the Fund document its administration and financial and logistical matters. The files for the travel and study award policy review the benefits offered to foreign nationals receiving travel and study awards and their dependents. The files for program management costs constitute the bulk of the collection and shed light on budgets and planning for divisions and programs spanning fiscal years 1961 through 1982. The management costs for International Division programs and field offices as well as the Special Retrenchment Fund are particularly well documented.

Organizational History

The Division of Administration (ADMIN) was formally established in 1964-1965 with responsibilities that grew to encompass personnel; accounting and investments; information services; office services; building services; and support and consultation services. Throughout the 1960s, the Division expanded to include the offices of the Vice President, Comptroller, and Personnel (added in 1966), Building Services (1967), Logistical Services (1968), and Program Related Investments (1969) and then later were subtracted from the Division. In 1980-1981, the Division of Organization and Management (O&M) replaced the Division of Administration. The Division of Financial and Administrative Services then replaced O&M in turn between 1981 and 1983.

Reporting to the Vice President of Administration, the Office of the Comptroller supervised basic accounting and reporting functions. It also prepared Federal and State tax returns, oversaw audits of overseas field offices, conducted financial reviews of domestic grantees, and reported to the Board of Trustees on Foundation management and project budgets. Budget planning, a yearly Foundation-wide exercise, involved preparation of program action (later management cost action) forms, Delegated Authority and Foundation Administered Project recommended grant action reports, and other supplementary documents. Projected budgets and fund requests were presented to the Board of Trustees at its September meeting. During the meeting the Board determined the allocation of funds to be appropriated for program management and activities in each division, program, and office.

Scope and Content Note

The Program Management Cost Files span from 1952 to 1984 and are organized into three series: the Ford Foundation Refugee Fund (1952-1957), Travel and Study Award Policy (1957-1964), and Program Management Costs (1961-1984). The earliest files in the collection pertain to the administration of the Foundation's fund to assist Western and Central European communities with the integration of post-war refugees. At the time the fund was set up in 1952, between 11 and 12 million refugees and displaced persons had left their homes in Eastern Europe because of political changes or were expelled, as was the case for ethnic minorities and ethnic Germans in communist countries. The fund was intended not for direct relief but for finding permanent solutions to the social and economic problems refugees faced in integrating into their new communities. The fund supported grantee programs included vocational training in Germany and Trieste, small farm loans in Austria, building programs in Austria and Germany, and financial aid for refugee students in Greece and the German Federal Republic. Grant recipients included the World Council of Churches, American Friends Service Committee, Lutheran World Federation, and the National Catholic Welfare Conference.

The files for the Foundation's travel and study award policy document the development of a policy regarding the benefits to be extended to foreign national award recipients and their dependents who

accompany them to the United States. Explored in memoranda are considerations such as length of grant, cultural expectations and policies of other institutions making similar grants.

The bulk of the collection comprises Program Management cost files. These span fiscal years 1961 to 1982 and contain a basic program action or management cost action form, or other budget document or modification. The action form indicates the appropriation approved for a specific division, program or office for a given fiscal year.

Some Program Management cost files differentiate between budget categories such as program advisory staff, training associates, logistic support, small program actions, office (operating) expenses, representational and administrative staff, consultants, field office support, and travel and study awards. An appropriation for travel and study awards provided some discretionary funding to support projects that contributed to the personal and professional development of people working in program areas. Another appropriation for small program actions enabled exploration of a small grant approach so that a variety of study and developmental projects could be supported.

Program management cost files on the Office for Latin America and the Caribbean, Asia and the Pacific, Population, and Public Broadcasting, South and Southeast Asia and the Division of Administration tend to contain other materials in addition to program action and modification forms.

For the fiscal year 1967 field office support budgets provided funds for offices and office services for overseas administrative personnel and project specialists. In addition, the Foundation paid for medical expenses, education allowances, local and international travel, and conference and meeting expenses.

The program management cost files for the Division of Administration include appropriations for the Special Retrenchment Fund (SRF). The economic downturn of 1973 and 1974 and the resulting risk to Foundation's assets brought to the forefront the need to reassess and determine sustainable levels of expenditure. At its December 1974 meeting, the Board of Trustees determined that further retrenchment was necessary to stabilize and preserve the longevity of the Foundation. An annual spending target of \$100 million requiring a 50 percent budget reduction across the Foundation was set for fiscal year 1975. To help programs to cover the costs incurred by implementing the required retrenchment measures, then Vice President of Administration Arthur D. Trottenberg recommended creation of a Special Retrenchment Fund through a special appropriation from General Funds. Initiated in March 1975 and intended to last until September 1979, SRF covered substantial non-recurring costs, including separation payments to terminated staff members, consulting fees and associated expenses for studies related to the retrenchment process, the closing or reduction in the size of overseas field offices, and expenses resulting from interior building alterations required to consolidate space and prepare vacancies for new tenants.

Revision Description

Immediate Source of Acquisition note

Ford Foundation archive was deposited at RAC in 2011. Ford Foundation records, correspondence, reports, program files and officers papers were transferred to, and accessioned by, RAC beginning in 2011. Accessions continue as necessary.

Conditions Governing Access note

Material more than ten years old is open for scholarly research.

Select individual files are restricted, as noted. Permission to access these files must be obtained from the Ford Foundation before scholarly access is permitted.

Conditions Governing Use note

Completion of a use agreement is required prior to providing scholarly access. See RAC Head of Reference (or applicable designee) for details. Ford Foundation holds title, copyright and literary rights in the collection, in so far as it holds them. The Rockefeller Archive Center has authority to grant permission to cite and publish material from the collection for scholarly purposes. Permission to publish extensive excerpts, or material in its entirety, will be referred to the Ford Foundation.

Processing Information

The Program Management cost files had been part of the artificially created collection of International Affairs program staff files. The latter collection was accessioned into the Ford Archives in 2004. During review 10 cubic feet of Program Management cost files were separated and re-categorized. The collection was reduced during processing to 6.8 cubic feet. Duplicates, form thank you and

employment notification letters, resumes, and files on recipients of individual study awards were not retained.

Scope and Contents

Series I. Ford Foundation Refugee Fund, 1952-1957

This series, arranged alphabetically, consists of Treasurer's Department files relating to the administration of the Ford Foundation Refugee Fund. The files contain correspondence and memoranda between the Ford Foundation Treasurer's Department and Dr. G. J. van Heuven Goedhart, the United Nations High Commissioner for Refugees to whom the Foundation entrusted the administration of the fund. The documents detail financial and logistical matters such as the administration of grants (1952), establishing procedures for recording cancellation of appropriations (1952), and policy for the purchase and issuing of grant payments in blocked schillings (1952-1957). Also included are monthly financial reports prepared by the United Nations High Commissioner detailing the progress made in administering funds.

Scope and Contents

Series II. Travel and Study Award Policy, 1957-1964

The files in this series, arranged in chronological order, concern internal policy benefits extended to recipients of travel and study awards. Specifically, Ford Foundation wanted to determine whether provisions should be made for dependents of foreign nationals to travel to and reside in the United States for the period that award recipients would be teaching or researching as well as circumstances under which such provisions should be offered. The files contain memoranda reviewing and authoring internal policy, as well as research and advice from other institutions such as the Institute of International Education.

Series III. Program Management Costs, 1961-1984

This series consists of program action and management cost action forms, memoranda, and budget planning reports detailing management costs for divisions and programs for fiscal years 1961 through 1982. For example, some Latin America and the Caribbean files contain quarterly budget projections and mid-year budget reviews for individual field offices, and some Public Broadcasting files contain fiscal status reports and related memoranda. The folders are arranged chronologically by fiscal year. Within yearly increments, the files have been arranged by subject.
