## Biographical/Historical note

The Commonwealth Fund was established in 1918 with an endowment of \$10 million from Mrs. Stephen V. Harkness for "benevolent, religious, educational and like purposes." The early grants supported a variety of programs while generally promoting welfare, especially child welfare. Several grants were made in the field of medical research, but the Board of Directors decided in 1920 that this field was already sufficiently supported by other philanthropic organizations.

Despite this decision, by the mid-1920s the chief interest of the Fund had become public health, including mental hygiene, community health, rural hospitals, medical research, and medical education.

Other grant areas included war relief, educational and legal research, child welfare, and international medical fellowships.

### Conditions Governing Access note

Open for scholarly research, except where particular restrictions are noted.

RAC is unable to provide access to obsolete media and original digital media. When feasible, a digital surrogate may be created via special order. All applicable charges will apply. See RAC Head of Archival Services or RAC Head of Digital Programs for details.

### Immediate Source of Acquisition note

The Rockefeller Archive Center acquired a major portion of the Commonwealth Fund archives in 1986. Subsequent transfers of records have continued as necessary.
