NOTE TO RESEARCHERS

This series contains the office files of Ann Whitman, Nancy Towell, and Kathy Huldrum. They document the official activities of these individuals in the execution of their duties as members of Nelson A. Rockefeller's gubernatorial and personal staffs. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Nelson A. Rockefeller, or is referred to in a document addressed to him, it should not be assumed that he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

SCOPE AND CONTENT

This series documents portions of Nelson A. Rockefeller's public and private activities between 1968 and 1974. These records were created and maintained by members of Rockefeller's staff at his office at 22 West 55th Street, New York, also called the New York Office. Rockefeller was one of the first New York governors to maintain a permanent office in New York City. In general, Rockefeller was in Albany only while the Legislature was in session or for special occasions. The management of his public duties was undertaken largely at 55th Street. The office was paid for privately by Rockefeller, but many of the staff were public employees. When he resigned as governor, on December 20, 1973, some of the staff became Rockefeller's personal employees. Some of them went on the federal payroll and moved to Washington, DC, when Rockefeller became Vice President of the United States on December 19, 1974.

Correspondence Files, 1968-1974

Arrangement note

There is a separate file for each year; the correspondence is arranged alphabetically thereunder.

Scope and Contents note

These files were maintained by Ann Whitman, Rockefeller's executive secretary. It consists mostly of outgoing correspondence, although there are some incoming letters. The correspondence is with heads of state, American political figures, and private citizens. The correspondence covers a broad range of issues and reflects Rockefeller's policy of giving each letter writer a proper response. At the end of the subseries are two folders of letters to John Mitchell, Attorney General of the United States, and John Ehrlichman, Counsel to President Richard M. Nixon. There is no indication as to why this correspondence is segregated.

Letters of Support Regarding the Vice Presidential Nomination, 1974**Arrangement note**

This series is arranged alphabetically by name.

Scope and Contents note

Following President Gerald R. Ford's nomination of Nelson Rockefeller to fill the vacant vice presidency, many private citizens and public officials sent Rockefeller letters of congratulation and support. The correspondence came after the announcement of the selection, during the lengthy confirmation hearings, and upon Rockefeller's swearing-in on December 19, 1974. Some of those letters are here; however, the subseries consists primarily of carbon copies of Rockefeller's acknowledgements.
