Biographical/Historical note

Institutional Background

The Lucille P. Markey Charitable Trust (Markey Trust) was established as a limited term trust in the will of Lucille P. Markey in 1975. Incorporated as a Florida nonprofit organization 501(C)(3) status, the Trust began operation in October 1983. The Trust's office opened in Miami on January 1, 1984.

Mrs. Markey had several specific goals for her charitable giving which defined the nature of the Trust. Wishing to distribute the grant money in a relatively short period of time in order to fund current research, she was advised to create a charitable, limited term trust. Mrs. Markey wanted her fortune to be dedicated to the pursuit of "human health," which meant that trust contributions specifically targeted "basic biomedical research."

To ensure that her assets were distributed as she intended, Mrs. Markey nominated several close associates as trustees. Her attorney, Louis J. Hector, chaired the Board of Trustees, and Robert B. Glaser, M.D., became the Director of Medical Science. Other trustees included: William Sutter, representing Hopkins and Sutter, attorneys for Mrs. Markey's first husband Warren Wright; Laurette Heraty, Warren

Wright's former secretary; and Margaret B. Glass, an employee of Calumet Farm. George Shinn subsequently replaced Laurette Heraty as board member.

During its fifteen-year operation, the Trust distributed over \$500 million in three broad categories: Individual Grants, including scholarships and fellowships to younger researchers; Research Program Grants, to research centers conducting advanced research; and General Organizational Grants, toward the training and education of Ph.D.s and M.D.s pursuing careers in biomedical research.

Scholars received funding for up to three years' postdoctoral study and were offered a subsequent five years of support for faculty positions including salary and research funds. The first class of scholars began its tenure in July 1985. The final class selected (the seventh class overall) began its term in July 1991. Over the fifteen-year period of the Trust, 113 scholars were awarded grants. A comprehensive history of the Markey Trust is included in the Trust's Final Report, 1983-1996.

Limited Term Trust

At the time of its creation, the Lucille P. Markey Charitable Trust's financial reserves placed it among the ten largest foundations in terms of charitable distribution. The terms of the Trust and its management of assets were explained in "Closing a Foundation: The Lucille P. Markey Charitable Trust" (Washington, D.C.: Council on Foundations, 2000), by John H. Dickason, and Duncan Neuhauser, available in the Rockefeller Archive Center's library collection.

The National Research Council Committee for the Evaluation of the Lucille P. Markey Visiting Fellows Program issued two publications concerning the Scholars Program: "Evaluation of the Markey Scholars Program" (2006) and "Bridging the Bed-Bunch Gap: Contributions of the Markey Trust" (2004) (both Washington, DC: National Academies Press).

The unique combination of the successful scholars selection process and the designation of the charitable trust as a limited term endeavor inspired several National Research Council reviews of the comprehensive program, including: Krystyna R. Isaacs, "The Lucille P. Markey Charitable Trust Scholars Program: Enhancing Philanthropy's Support of Biomedical Science"; and National Research Council, "Committee for the Evaluation of the Lucille P. Markey Charitable Trust Programs in Biomedical Sciences" (both Washington, DC: National Academies Press, 2006).

Biographical Note

Lucille Parker was born on December 14, 1896, near Tollesboro, Kentucky; she was the youngest of seven children and the daughter of a tobacco farmer. In 1918, Lucille married Warren Wright, Sr., who had inherited the Calumet Baking Powder Company, as well as a horse farm near Lexington, Kentucky. The Wrights built this small inheritance into one of the most successful thoroughbred horse breeding and racing stables, Calumet Farm. After the death of Warren Wright in 1950, Lucille assumed control of the Farm. The bulk of Mrs. Markey's estate, however, derived from a large investment in oil and gas leases inherited from Warren Wright and drilled on the Waddell Ranch in western Texas.

Lucille Wright married her second husband, Admiral Gene Markey, in 1952 and continued to pursue her passion in horse breeding and horse racing. Over a period of nearly 50 years, Calumet won 8 Kentucky Derbies, 2 Triple Crowns, 3 Filly Triple Crowns, and had 148 stakes winners with total earnings of over \$26 million.

During the reign of Calumet Farms, Mrs. Markey's charitable giving focused on the Bluegrass Boys' Ranch in Kentucky and the establishment of a cancer center at the University of Kentucky. The establishment of the Trust enabled Mrs. Markey to extend her interests in health to general support of biomedical institutions, with an emphasis on research, as opposed to health care delivery.

Mrs. Markey died on July 24, 1982. After Mrs. Markey's death, the Farm was inherited by Warren Wright, Jr.'s heirs. Mismanagement led to the forced sale of all land, horses, and equipment in 1992, when Calumet Farm filed for bankruptcy.

Mrs. Markey's second husband Admiral Gene Markey was a writer, producer, and Hollywood personality who achieved some notoriety in his personal life, if not in his attempt to become a recognized writer. Prior to his marriage to Lucille, he was married to three well-known actresses: Myrna Loy, Hedy Lamarr, and Joan Bennett. The papers of Admiral Gene Markey are housed at Skidmore College in Saratoga Springs, New York, and include the Markeys' personal library of horse literature.

[^ Return to Table of Contents](#)

Scope and Contents

The collection focuses upon grants awarded for biomedical research to institutions in the United States during 1983-1996. Grant records include correspondence regarding application criteria, financial awards, and periodic research reports. Administrative records detail program development and advisory committee decisions. A scrapbook, newspaper clippings, and photographs detail Calumet Farm, the horseracing concern which Mrs. Markey owned and operated.

Arrangement note

The Lucille P. Markey Charitable Trust collection is arranged in six series:

Series 1 - Scholars and Visiting Fellows

Series 2 - Institutional Grants and Proposals

Series 3 - Governance

Series 4 - Program Development

Series 5 - Correspondence

Series 6 - Scrapbook, Photographs and Miscellany

Revision Description

Migrated from Re:discovery to AT by Marisa Hudspeth 4/27/2009

Conditions Governing Access

Open for scholarly research without restriction.

Conditions Governing Use

RAC users must abide by all applicable provisions of United States copyright law. Reproduction/duplication of archival items is routinely provided in accordance with "fair use." If the RAC does not hold copyright for an archival collection, or items within a collection, it is the user's responsibility to contact the copyright holder, or make a fair effort to do so, prior to publication.

Appraisal

The archival material has been reformatted and the original records are no longer available. User copies of the microfilm are available for scholarly access.

Collection Inventory

Scholars and Visiting Fellows, 1983-1998

Arrangement note

This series is arranged in four subseries:

Subseries 1 - Scholar Applicants

Subseries 2 - Visiting Fellow Applicants

Subseries 3 - Selection Committee

Subseries 4 - Annual Conferences

Scholar Applicants, 1983-1998

Arrangement note

This subseries is arranged in two sections:

Section A - Grants

Section B - Denied Applicants

Grants, 1983-1998**Arrangement note**

This section is arranged alphabetically by the last name of the grant recipient.

Scope and Contents note

This subseries includes files for the 113 scholars awarded grants to pursue basic biomedical research. Scholars' grants were awarded to individuals at the initial stages of their pursuit of study in postgraduate biomedical research. Each grant file is titled with the grantee's name followed by the grant number which indicates the year in which the grant began. The inclusive dates note the chronology of the reports and correspondence. Each file includes: scholar's transmittal sheet; statement of research goals; letters of recommendation from faculty sponsor, department chairperson or institutional officer, director of PhD training program or residency program director; and other letters of endorsement from colleagues and mentors.

Each grant file includes a checklist of documents required to complete the application packet. In cases where there are several grant numbers for one individual, the application is located in the first file. Each file is subdivided as follows: Application; Award, Fund and Term Letters; Grant Data, including financial information; and Reports and Correspondence, which includes annual research reports submitted by the grantee and other correspondence pertaining to the status of the research project funded.

Visiting Fellow Applicants

Arrangement note

This subseries is arranged in three sections:

Section A - Australian Fellows

Section B - United Kingdom Fellows

Section C - United Kingdom Denied Applicants

Scope and Contents note

Visiting Fellows from the United Kingdom and Australia were awarded grants as postdoctoral fellows for a two-year period. A total of twenty-six fellows from the United Kingdom and ten from Australia were selected. A separate selection committee for each of these two regions awarded these fellowships.

Australian Fellows, 1988-1997

Arrangement note

This section is arranged alphabetically by the last name of the fellow. General correspondence and other information can be found at the end of the section.

Scope and Contents note

Visiting Fellows from Australia were awarded grants as postdoctoral fellows for a two-year period. A total of ten fellows from Australia were selected.

Files include Application; Award, Fund and Term Letters; Grant Data, including financial information; and Reports and Correspondence, which includes annual research reports submitted by the grantee and other correspondence pertaining to the status of the research project funded.

Selection Committee, 1984-1997

Scope and Contents note

The LPMCT Selection Committee chose the grants to be awarded to both individuals and institutions throughout the fifteen-year duration of the Markey Trust. Notes and materials created by the Selection Committee are included in this series.

Annual Conferences, 1986-1996

Arrangement note

This subseries is arranged in two sections:

Section A - Conference Abstracts

Section B - Conference Photographs

Scope and Contents note

Annual conferences were attended by scholars and visiting fellows who were actively engaged in grant-supported research. These conferences were a forum for professional interchange among grantees and medical research administration.

Conference Abstracts, 1988-1996

Arrangement note

This section is arranged by year, and thereunder alphabetically by grantee.

Scope and Contents note

Scientific abstracts representing scholars' research were submitted to represent the individuals' poster presentations at the conference.

Conference Photographs, 1986-1996**Arrangement note**

This section is arranged by year, and thereunder alphabetically by grantee.

Photographs in Section B of Series 4 have been moved to Series 6, Subseries 2 - Photographs.

Scope and Contents note

The photographs in this section are both formal and informal group photographs, and they include images of grantees, Markey Trust Board members, administrators, and Selection Committee members.

Institutional Grants and Proposals, 1983-1998**Arrangement note**

The files in this series are arranged alphabetically by the name of the institution. The Trust's administration alphabetized academic institutions based on the location. Thus, the University of Alabama is filed under Alabama.

Under each institution, the folders are arranged in the following sequence: General Correspondence, Denied Proposals, and Grant(s). Not every institution will have each type of folder noted here.

Scope and Contents note

This series includes material pertaining to grant awards and declinations. Each institutional history includes the initial contact with the Markey Trust and chronicles the decision to accept or deny the proposal submitted.

Depending upon individual appeals submitted to the Markey Trust, each institution represented will include one or more of the following folder types: General Correspondence, Denied Proposals, and Grant(s).

Materials in the General Correspondence folders include letters of a general nature, such as requests for information about program guidelines and details pertaining to grant application. Materials within these files are arranged chronologically.

Documents within the Denied Proposals folders are arranged by proposal number. The first two digits note the year of the proposal submission; the following numbers indicate the sequence of proposal submissions for that year from all institutions.

Information found in the Grant folders includes the documentation of the awarded grant proposal and the following sections: Proposal, Award and Funding Letters, Grant Data, and Reports and Correspondence. Within each section, documents are ordered chronologically.

Monographs which represent the published research of a number of organizational grants have not been microfilmed; however, they are housed in the Rockefeller Archive Center's library. The microfilmed collection includes a photocopy of each Title Page and Table of Contents in its place.

Governance, 1981-1998

Arrangement note

Series 3 is arranged in 4 subseries:

Subseries 1 - Minutes

Subseries 2 - Chairman, Board of Trustees

Subseries 3 - Director of Medical Science

Subseries 4 - Annual Reports

Scope and Contents note

The records of the governing committees and Trust administration document policy decisions, financial accountability, program direction, and managerial aspects of Trust maintenance. Some Committees existed during a portion of the Trust's operation, and others were combined and reformed to accommodate the variation in the number of participating individuals.

Minutes, 1983-1998

Arrangement note

This subseries is arranged in five sections:

Section A - Co-Personal Representatives and the Investment Committee

Section B - Executive Committee

Section C - Finance Committee

Section D - Trustees Committee and Combined Trustees and Finance Committee

Section E - Combined Trustees, Finance Committee and Executive Committee

Each section is arranged chronologically by meeting date.

Scope and Contents note

The minutes found in this subseries document the Committee meetings held throughout the duration of the Trust's fifteen years of operation. These meetings were held in different locations in the United States. Numerous organizational meetings were held at the Trust's corporate headquarters in Miami, Florida in addition to meetings held in New York City; Chicago, Illinois; Menlo Park and Los Angeles, California; Denver and Colorado Springs, Colorado; Dallas, Texas; and Lexington, Kentucky, the site of Calumet Farms.

Only the Trustees and Executive Committees existed during the full fifteen-year operation of the Markey Trust.

Co-Personal Representatives and the Investment Committee, 1983-1984

Arrangement note

This section is arranged chronologically by meeting date.

Combined Trustees, Finance Committee and Executive Committee, 1987

Arrangement note

This section is arranged chronologically by meeting date.

Title/Description	Instances	
Combined Trustees, Finance Committee and Executive Committee - 26-27 February 1987 - Lexington, Kentucky, February 26-27, 1987	reel 137	frame 300

Chairman, Board of Trustees, 1954-1997 1982-1997

Arrangement note

This subseries is arranged alphabetically.

Scope and Contents note

This subseries includes correspondence, memoranda, and notes generated by Louis J. Hector, who served as the Chairman of the Board of the Markey Trust for the duration of the Trust's operation. Records include executive committee material, general correspondence, and trustee correspondence. Mr. Hector also maintained files pertaining to other Board members and special projects. Information pertaining to the origins and history of the Trust and the attempt to contract a written history is also documented. Trustees' and Officers' biographies are included in the series.
