The Asia Society headquarters are located in New York, and the Society maintains additional U.S. offices in California (Los Angeles and San Francisco), Texas (Houston) and Washington, D.C. and global centers in Australia (Melbourne), China (Shanghai), Hong Kong, India (Mumbai), South Korea (Seoul), and the Philippines (Manila).

## Conditions Governing Access

When requesting to view audiovisual material, please refer to the Title and the AV Number (example: AV 1916). Researchers are asked to check the "Restrictions" note for each Title. If a Title does not currently have an access copy, please contact a RAC archivist for further instruction.

## Arrangement

Arranged chronologically by date of creation. Many tapes are currently undated.

## Scope and Contents

Recorded events, panel discussions, interviews, musical recitals, poetry readings, and presentations pertaining to Asia-related topics.

## General

Quality of tapes varies. Most audio distortion and/or low volume levels are inherent to the original recording. Inferior sound may be attributed to the original recording equipment, poor recording environment, or the subject speaking too far from the recording device. Efforts have been made to improve sound quality when possible. Recordings with poor sound quality have been identified in the items' note field.

Titles are based on original tape container annotations.
