Scope and Contents

The 1977-1981 general files chronicle management of the philanthropic affairs of the third generation of the Rockefeller family primarily David Rockefeller and Laurance S. Rockefeller with limited documentation of the actions of John D. Rockefeller 3rd and Nelson A. Rockefeller.

Over the years the Rockefeller family has been involved in virtually all aspects of modern philanthropy at the local, national and international levels through their foundation activities as well as their individual personal giving. Major interests include: physical and mental health, conservation, education, international relations, politics, population, religion, social welfare, the visual and performing arts, cultural exchange programs, and economic and social development of underdeveloped areas.

The general files primarily consist of correspondence, reports, pamphlets, memoranda, charters and certificates of incorporation, minutes and meeting records as well as documentation of contributions, finance and investment materials, real estate, newspaper clippings, diaries, notebooks, calendars, audio tapes, and printed material.
