## Biographical / Historical

---

A 75th Anniversary Planning Committee was established at the University to make plans for events to mark the University's 75-year history.

The University Council sponsored an International Conference "Beyond Tomorrow - Trends and Prospects in Medical Science" for a group of invited guests and faculty. It was held on Monday March 8, 1976 in Caspary Auditorium. This was a day-long program which included lunch and a reception. The addresses by a distinguished group of speakers and panelists were published in April 1977.

The Anniversary Planning Committee arranged a Reunion Program for June 6, 7, 8, 9, 1976 to precede and include the 1976 June 9 Convocation activities. The program included a full day of colloquia, laboratory visits and discussion groups in each of ten scientific fields. A reunion plenary session was held

in Caspary Auditorium on June 8, 1976 and in April 1977 the addresses were published under the title Institute to University.
