## Biographical / Historical

---

The National Committee on United States – China Relations (NCUSCR) was established in 1966 as a nonprofit educational organization with a mission to encourage mutual understanding and dialogue between citizens of the United States and China. The National Committee came into being through the cooperative efforts of scholars and civic, religious, and business leaders who, at a time of mutual hostility between the two countries, sought to stimulate public discussion about China and the United States' relations with it by sponsoring conferences, seminars, publications, and other education and outreach programs. In 1972, the National Committee sponsored the Chinese table tennis team's historic U. S. visit. This round of "Ping Pong Diplomacy," which followed closely on Richard Nixon's visit to China in February 1972, helped pave the way for later exchanges and, eventually, for the normalization of relations with China in 1979. Building on these cultural exchanges, the National Committee came to be a primary organizer of professional and policy exchanges between the two countries (and including Hong Kong and Taiwan), in the areas of foreign affairs and international relations, economic development, governance and legal affairs, education, mass media, environmental and global issues, etc. As its role

in exchanges became more prominent, the National Committee turned over some of its educational programs to the Asia Society in the late 1970s, but it continues its educational role through public education events and ongoing outreach. Funding for the National Committee comes from the United States government (especially the Department of State), corporations, and foundations, as well as from its individual membership.

## Scope and Contents

---

RG 8 contains records of the U. S. - China Teachers Exchange Program, 1996-2014, including files on program and funding, American teachers, and participating schools in the U. S. and China. Other significant materials include Board of Directors Minutes Books from 1966-2007 and individual Members' files; as well as correspondence files for NCUSCR presidents Douglas Murray and John Holden, 1997-2004. There is also a small series of Clippings files, primarily concerning Chinese relations with the U. S., the U. S. S. R., and other Asian countries, mainly for the 1970s- mid-1980s.

## Arrangement

---

The records of the National Committee on United States – China Relations are divided into ten record groups, which reflect the order in which the records were received (but which are otherwise an artificial distinction). The records are sorted intellectually into series, which carry over through all record groups, but they have received minimal physical rearrangement. RG 8 of the NCUSCR records is arranged into four series: 2 – Exchanges – General; 11 – Board of Directors, Committees, and Members records; 14 – NCUSCR Presidents' Files; and 15 – Clippings and Reference.

## Collection Inventory

### Exchanges - General, 1993-2014

#### Scope and Contents

The general Exchanges series in RG 8 documents the United States – China Teachers Exchange Program (TEP), from its inception in 1996 to 2014. The American Council of Learned Societies sponsored the Teachers Exchange Program from 1996 – 2002, at which point the National Committee assumed its administration and sponsorship. Materials concern the general program and its funding by the Freeman Foundation; and include files on host schools in China and the U. S., as well as individual files for the American teachers who participated in the exchange. Other materials pertain to conferences for Chinese exchange teachers and for returned American teachers. The series also includes InSites program evaluations from 1996-2006.

Individual teachers' files often include richly detailed reports on their experiences living, working, and traveling in China.

Files on the teachers from China and records of various orientation programs (both for American and Chinese teachers) are found in RG 1 of the NCUSCR records (FA772). The program newsletter, The Exchange, is also found in this subset of the records.

## Board of Directors, Committees, and Members records, 1958, 1965-2014

**Scope and Contents**

Board materials

The Board of Directors, Committees, and Members series in RG 8 contains bound Minutes books from 1966 through 2007. (For later Board records, up to 2014, see RG 7, FA1189.) Inactive Members files – arranged in a few alphabetical sets – constitute the remainder of the series. Files are variously labeled Deceased Members or Former Members, but the labels were not consistently applied and the Former Members encompass many who are deceased. While there is a good deal of routine material in the members files – form letters and acknowledgements – some of the early files include personal correspondence concerning the organization and its program directions.
