Biographical/Historical Note

The John A. Hartford Foundation (JAHF) was established in 1929 by brothers John and George Hartford, sons of the founder of the Great Atlantic & Pacific Tea Company (A&P). The foundation is a private, nonpartisan philanthropy dedicated to improving the care of older adults. For its first several decades, the foundation broadly supported clinical medical research. By 1982, it began to focus solely on geriatric healthcare. In 2015, JAHF paid out \$20.2 million on a total of 80 active grants and committed \$25.3 million to 24 new grants projects, all focused on the care of older adults.

Scope and Contents Note

This series contains grant files from 1996 to 2014, plus a single grant from 1980 to 1985. It also contains a box of index cards that summarize the grants awarded from 1969 to 1977, first by grantee and then by project area.

Additionally, Boxes 514 to 516 contain a handful of files from 1996 for grant proposals designated with a standard grant number. However, those proposals were declined and labeled by the Foundation as "closed." To avoid confusion with the archival use of that term (referring to restricted content), each file is relabeled "declined." Box 516 also contains two proposals that were later withdrawn by the prospective grantees. Lastly, there are seven boxes with files on Foundation-assisted programs (FAP).
