## Biographical / Historical

---

The Ford Foundation was chartered by Henry and Edsel Ford in 1936 "to receive and administer funds for scientific, educational and charitable purposes, all for the public welfare", and initially served the Ford family's charitable interests in the Detroit area. Following the deaths of Edsel Ford (1943) and Henry Ford (1947), the Foundation was propelled to the forefront of philanthropy as the largest American foundation in terms of both endowment and yearly expenditures, and with an international scope to its major program areas.

During the Foundation's first twenty years its major programs were in international economic development, primary and higher education, educational and public broadcasting, behavioral sciences, civil liberties, urban development, fine arts and the humanities. The Ford Foundation also partnered with the Rockefeller Foundation in supporting agricultural development in South America, Africa, and Southeast Asia. Since the 1970s, the Foundation has also pioneered programs in women's rights, energy policy, micro-financing in under-developed countries, establishing human rights groups, and improving international HIV/AIDS education.

## Arrangement

---

The collection contains one series: Grant Files.

The material is arranged in order of Program Action (PA) number (loosely chronological by year).

Each Ford Foundation Grant and the corresponding Grant File is identified by a unique Program Action (PA) number. PA numbers begin with the year a grant was made (2-digits), followed by a sequential number within that year (4-digits).

For example: PA 55-0123 was the 123rd grant made in the year 1955. PA numbers are often typed or handwritten on Ford documents in the following format: 55-123 (year)-(#####). However, the Ford Foundation's grants database (LINKS) uses an 8-digit format for PA numbers: 05500123 (0YY#####).

In some cases, the 4th digit in the 8-digit PA number was used to encode at least three different types of Ford grants:

1. 0YY5##### = Delegated Authority Grants (DAG) / Delegated Authority Projects (DAP)
2. 0YY6##### = Grants to Individuals
3. 0YY9##### = Foundation Administered Projects (FAP)

Individual folders are typically arranged reverse chronologically.

## General

---

Most folders contain the following note from March 1980:

This is a grant\* made during the period 1936-1952. The following documents are the only records known for this grant action. The files kept for grants given at this time were maintained by the Treasurer in alphabetic order by institution. This grant file, like the others of this period, was assigned a Program Action (PA) number under which it has been microfilmed.

In some cases the "grant" was only a donation to a particular charity, society, or cause.
