## United States-China Cooperative Research Program, 1975-2010

### Scope and Contents

The United States-China Cooperative Research Program was initiated in 1998. Its aim was to encourage sustained joint research by American and Chinese scholars on significant topics in the humanities and social sciences to improve understanding of China and US-China relations. The cooperative research projects typically involved two or more collaborators on both the Chinese and American sides, working together over a three-year period.
