Biographical / Historical

In the early 1970s, the Ford Foundation's archives staff began to identify and catalog individual reports, policy and programming documents, and program evaluations in an effort to create an internal lending-library of useful documents. Many of the Catalogued Reports were physically culled from the former Foundation officers' and staff's archival collections of 'office files'. When those collections of 'office files' were later processed, and finding aids created, an appendix of "Reports Removed" (or, Reports Transferred") was added to the finding aids.

By 1977 the collection included more than 3,500 reports, and by 1979 some 5,000 reports had been cataloged.

Duplicated copies of the reports were also created on microfiche, and later microfilm.

[^ Return to Table of Contents](#)

Scope and Contents

The Ford Foundation's Catalogued Reports collection includes policy and programming documents, program evaluations, and periodic program status reports produced by Foundation officers and staff, as well as consultants and grantees. Some published material produced by Ford Foundation grants is also included in the collection. The collection also includes some of the Ford Foundation's own publications, such as the Annual Reports and newsletters.

[^ Return to Table of Contents](#)

Arrangement

The Catalogued Reports are arranged numerically by an arbitrary call number assigned during cataloging, from 1 to approximately 20,000.

Conditions Governing Use

Completion of a use agreement is required prior to providing scholarly access. See RAC Head of Reference (or applicable designee) for details.

Ford Foundation holds title, copyright and literary rights in the collection, in so far as it holds them.

The Rockefeller Archive Center has authority to grant permission to cite and publish material from the collection for scholarly purposes. Permission to publish extensive excerpts, or material in its entirety, will be referred to the Ford Foundation.

Immediate Source of Acquisition

Ford Foundation archive was deposited at RAC in 2011. Ford Foundation records, correspondence, reports, program files and officers papers were transferred to, and accessioned by, RAC beginning in 2011. Accessions continue as necessary.

Conditions Governing Access

Catalogued Reports are open for research with select reports restricted as noted. Brittle or damaged items are available at the discretion of RAC.

Biographical / Historical

Frederick Champion Ward was born on December 29, 1910 in New Brunswick, New Jersey. He graduated from Oberlin College in 1932 and was awarded a master's in philosophy in 1935. He went on to earn a doctorate in philosophy from Yale in 1937. He taught philosophy and psychology from 1937 to 1945 at Denison University and, as Associate Dean, trained military officers for de-Nazification efforts in postwar Germany. After the war, Dr. Ward joined the faculty of the University of Chicago and served as Dean of the undergraduate Humanities Division from 1947 to 1954.

In 1954, Dr. Ward took leave from the university to travel to India for the Ford Foundation. Upon his return, he joined the Foundation as Director of the Overseas Development

Program for the Middle East and Africa. He later became Deputy Vice President for International Programs. In 1965, he was promoted to Vice President of Education and Research, a position he held until 1967 when he became a Program Advisor to International Division's Office of the Vice President. He retired from the Foundation in 1977.

During the 1960s Dr. Ward served as Chairman of the White House Task Force on the Education of Gifted Persons and was a member of the UNESCO International Commission on the Development of Education.

After his retirement from the Foundation, Dr. Ward worked as a consultant for the World Bank, the Association of American Universities, and the Connecticut Board of Education. From 1978 to 1981, he was a senior consultant to the Board of the MacArthur Foundation and helped establish the "genius grant." Dr. Ward also served as Chancellor of the New School for Social Research in Manhattan from 1980 to 1983. He died on July 2, 2007 at the age of 96.
