Biographical/Historical note

The newly adopted By-Laws of 1953 provided for an elected Vice-President who was a member of the Board of Trustees. Thomas Milton Rivers was elected the first Vice-President of the newly constituted Board of Trustees and served as Director of The Institute, Director of the Department of Laboratories and Director of the Hospital until his retirement in 1955.

August 1955 amendments to the By-Laws abolished the elected Vice-President and the requirement which provided that he be a member of the Board of Trustees and called for one or more appointed Vice-Presidents. Further amendment, January 25, 1956 provided that the Board of Trustees elect one or more Vice-Presidents to discharge such functions as may be assigned to them by the President or by resolution duly accepted at any meeting.

Between 1955 and 1959 Frank Lappin Horsfall, Jr. held the position of Vice-President for Clinical Studies; between 1955 and 1964 Douglas Whitaker served as Vice-President for Administration (between 1961-64 changed to Vice-President for Academic Administration). In 1964/65 Maclyn McCarty was elected Vice-President with special responsibilities in the clinical sciences. He is at the same time, Physician-in-Chief. In 1965 Carl Pfaffmann was elected Vice-President and Professor to develop a program of research and graduate instruction in the behavioral and social sciences. In 1969/70 a third Vice-President was added. This position carries with it the role of Secretary to the Board of Trustees and was filled by Charles Eugene Sunderlin.

In 1972 the University trustees elected Rodney W. Nichols to a new post of Vice-President for Program planning. He had been the first Director of the Office of Program Planning and Development.

In 1973 Albert Gold was named Vice-President for Academic Resources. As Vice-President he also retains his responsibilities relating to Junior faculty (Director of Postdoctoral Affairs) with additional duties in connection with organization, operation and planning at the University.

In 1974, effective September 15, Maclyn McCarty retired as Physician-in-Chief of the Hospital, which post was then filled by Dr. Attalah Kappas.

June 30, 1976 Eugene Sunderlin retired as vice-president of the RU.

June 1978 Dr. Albert Gold resigned from the University and October 1978 Drs. McCarty and Pfaffmann having reached retirement age resigned their positions as Vice-President. Mr. Rodney Nichols was elected to a new position of executive Vice-President and Mr. David J. Lyons was elected to a new position as Vice-President and Controller with new managerial responsibilities.

Biographical Material, 1922-1965

Biographical/Historical note

Biographical note	
1888	Born September 3, Jonesboro, Georgia
1909	A.B. Emory College
1909-1911	Johns Hopkins Medical School (dropped out because of poor health)
1911-1913	Assistant pathologist, Santo Tomas Hospital, Panama
1913	Reentered Medical School (in 3rd year)
1915	M.D. Johns Hopkins Medical School

1915-1916	Interne, Medicine, Johns Hopkins Hospital, Baltimore
1916-1917	Assistant Resident, Pediatrics, Johns Hopkins Hospital
1917-1918	Resident, Pediatrics, Johns Hopkins Hospital
1918-1919	1st Lieutenant Medical Corps U.S. Army Special duty with pneumonia commission, empema commission and pneumonia board
1919-1921	Instructor in Bacteriology, Johns Hopkins University
1921-1922	Associate in Bacteriology, Johns Hopkins University
1920-1922	Pathologist, St. Joseph's Hospital, Baltimore
1922-1925	Associate Rockefeller Institute for Medical Research Hospital
1925-1927	Associate Member RIMR Hospital
1927-1955	Member RIMR Hospital
1936	Sc. D. (Hon.) Emory College
1937-1955	Director Dept. of the Hospital RIMR
1938	Sc. D. (Hon.) University of Rochester
1940-	Commander Med. Corps. U.S. Navy (retired as Rear Adm. in 1955)
1955	Member Emeritus Rockefeller University
1956-1958	Director National Foundation for Infantile Paralysis
1958	Vice-President for Medical Affairs National Foundation
1961	Sc. D. The Rockefeller University
1962	Died May 12. Buried Arlington National Cemetery

Member of: American Association Advancement of Science, American Society Clinical Investigations (president 1932), Association American Physicians, Interurban Clinical Club (president 1942-1943), American Pediatric Society, American Epidemiological Society, American Society Experimental Pathology, Society American Bacteriologists (president 1934), Harvey Society, American Association Pathologists and Bacteriologists, American Clinical and Climatological Association, National Academy Sciences, American Philosophical Society, Phi Beta Kappa, Alpha Omega, Sigma Nu, Pi Mu

Thomas Milton Rivers, pediatrician and virologist at The Rockefeller Institute for Medical Research from 1922-1955 was the discoverer of Bacillus Parainfluenzae and Virus III. He cultivated vaccine virus for human use and carried on researches in bacteriology, viruses and infectious diseases including influenza, chicken-pox, measles, vaccinia, psittacoses, lymphocytic-choriomeningitis. He was the author of numerous papers and editor and contributor of Filterable Viruses (1928) and Viral and Rickettsial Infections of Man, 1948, 1952, 1958.

Served as:

1930	Speaker, 3rd International Congress of Cytologists, Amsterdam Delegate and speaker 1st International Congress of Microbiologists, Paris Speaker, 5th International Congress of Botanists, Cambridge, Eng.
1931	Speaker, British AAS, London
1934	Lecturer, 5th National Congress of Medicine, Rosario, Arg.
1936	Delegate, 2nd International Congress Microbiologists, London
1939	President, 3rd International Congress Microbiologists, New York

Correspondence, 1922-1965

Scope and Contents note

This group of correspondence was given to the Archives from the Office of Faculty and Student Records and consists, primarily, of correspondence with the Business Manager, Dr. Gasser and a few with Dr. Bronk.

The correspondence deals with employment matters and appropriations and is a combination which deals with personal as well as administrative matters. Included are some photographs; newspaper items; announcements of appointment as Director of The Rockefeller Institute Hospital and a carbon copy typescript of a portion of the oral history interview conducted by Saul Benison.

Arrangement note

Arranged in chronological order.
