## Biographical/Historical note

---

Established in 1958 by Jackson Hole Preserve Inc., the American Conservation Association (ACA) was designed to carry on the educational, research, and citizen action activities that the Preserve felt was beyond its own capabilities. The ACA has supplied vital finances and leadership for initiatives to protect the park, refuge, forest, and recreation resources in this country. ACA's efforts to educate the public and secure its support have often been seminal to the establishment of important environmental and conservation organizations.

### Publication Statement

Rockefeller Archive Center

15 Dayton Avenue

Sleepy Hollow 10591

[archive@rockarch.org](mailto:archive@rockarch.org)

URL: <http://www.rockarch.org>

### Processing Information note

Preliminary archival processing of the records was conducted by the Rockefeller Archive Center to establish intellectual and physical control of the material and assess its immediate preservation and conservation needs. The collection remains in storage boxes and original folders. Further archival processing, primarily to arrange the records to facilitate more efficient scholarly access to the collection and address its long-term preservation, will be conducted at a later date, as necessary.

### Conditions Governing Access note

Records more than 15 years old are open for scholarly research, with prior archival review.

In accordance with standard Rockefeller Archive Center practices, all personnel and associated employee files, and select financial materials are restricted from scholarly access.

Material which provides the names, correspondence or activities of living members of the Rockefeller family, and/or documents the net worth of Rockefeller family members, is restricted from scholarly access.

Brittle or damaged items, or materials otherwise in need of preservation care, may be closed to researchers at the discretion of the RAC Head of Reference and/or RAC Head of Archival Services.

## Conditions Governing Use note

American Conservation Association retains title, copyright and literary rights in the collection, in so far as it holds them.

American Conservation Association retains the right of prior consent with respect to any reproduction or extensive quotation of the records for publication. The Rockefeller Archive Center has authority to grant permission to cite and publish material from the collection for scholarly purposes.

## Immediate Source of Acquisition note

American Conservation Association deposited the records at the Rockefeller Archive Center in April 1985.

RAC began receiving ACA records in 1990 (Accession 1990:117). Additions and accruals to the collection have been received in multiple accessions, and continue periodically as applicable.
