Biographical / Historical

William D. Carmichael was Vice President of the Ford Foundation, Developing Country Programs from 1981-1989. The administration of the Ford Foundation international programs was dramatically restructured in 1980-1981, and a new office for Developing Country Programs was created. William D. Carmichael was appointed Vice President of this new area in March 1981. Carmichael oversaw the work of Foundation field offices, and of New York-based staff responsible for grants to developing countries. Prior to his role as Vice President, he was Head of the Middle East and Africa Office (1977-1981), Head of the Office for Latin America and the Caribbean (1971-1977) and Representative in the Brazil Office (1968-1971). Dr. Carmichael retired from the Ford Foundation on September 30, 1989. Key accomplishments of Carmichael's tenure as Vice President include his role in advancing the development of a Women's Program, financing for worldwide activities in community resource management, the expansion of Foundation activities throughout southern Africa. Carmichael and his staff played a leading role within the U.S. philanthropic and scholarly communities in the formulation of policies towards the apartheid regime in South Africa. After leaving the Ford Foundation, he became executive director for Soviet Union and Eastern European Programs at the Institute of International Education until 1993.

Born on September 5, 1929, Dr. William D. Carmichael received a B.A. in Economics from Yale in 1950. In 1952 he received an M.P.A. in Public and International Affairs and an M.A. in Economics from Princeton University. He received a BLitt from Oxford University in Economics in 1955, and was awarded a PhD in Economics by Princeton in 1959. Before working at the Foundation, Dr. Carmichael

served as Dean of Cornell University's Graduate School of Business and Public Administration from 1962 until 1968.

Processing Information:

Processing Information

Series 8 is comprised of material from Accession 2019:101 [Box 40044] that arrived at the RAC in 2019. The files in this series came to the RAC described as "to be catalogued." A note on the original inventory stated that the material was "removed from Carmichael collection." These materials were processed and added to Ford Foundation records, Developing Countries Program, Office Files of William D. Carmichael by Katie Martin in February 2020.

Scope and Contents

The reports in this series were originally separated by the Ford Foundation from the rest of Carmichael's collection for further cataloging. The reports were added back after documentation indicated the material belonged with Carmichael's paper. Many of the reports in this series are from the Urban Mathematics Collaborative Project funded by the Ford Foundation.
