Summary Information

Repository:	Rockefeller Archive Center
Creator:	Rockefeller Institute for Medical Research
Creator:	Rockefeller University
Title:	Rockefeller University records, Laboratory Animal Research Center (LARC), Correspondence
ID:	FA966
Date [inclusive]:	1976-1987
Physical Description:	3.6 Cubic Feet 3 boxes.
Physical Description:	3 boxes.
Language of the Material:	English

Preferred Citation note

Biographical / Historical

Dennis Stark became the director of the new Laboratory Animal Research Center in 1976. In addition to creating an environment conducive to the proper care and housing of animals used for research, Stark launched several research programs. These include a diagnostic laboratory, the Laboratory for In Vitro Toxicological Assay Development, and a program initially funded by Revlon, Inc. to find a non-animal substitute for the Draize ocular irritancy test.

[^ Return to Table of Contents](#)

Scope and Contents

Includes primarily correspondence; also includes budget materials, lab notebooks, and a LARC Handbook.

Subjects include Revlon, Inc., the In Vitro Toxicology Lab, and a manual on diagnostic services.

[^ Return to Table of Contents](#)

Arrangement

Arranged in chronological order (in parts). Unarranged. (The dates are not completely accurate, as they were labeled by Stark according to when they were packed and not when written).
