### NOTE TO RESEARCHERS

This subseries contains a portion of the office files of several members of Nelson A. Rockefeller's staff, primarily the Appointments Office. They document official activities in the execution of their duties as members of Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administrations, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Nelson A. Rockefeller, or is referred to in a document addressed to him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

### SCOPE AND CONTENT

This is an incomplete portion of Governor Rockefeller's Appointments Office correspondence, dating from 1958 to 1970. Only three boxes of alphabetical correspondence are represented, from C through L. There is no record or indication of what happened to the rest of the alphabetical run. The final box of the series is a box of miscellaneous subject files, dating from 1967 to 1970. Alphabetically arranged by topic, this portion of the series is also incomplete. The material contained within these files may be duplicated within the official gubernatorial record, maintained on microfilm at both the New York State Archives and the Rockefeller Archive Center.

A function of the Appointments Office was to sift through the letters of application received for positions in the gubernatorial administrations. The series consists of correspondence to and from the individuals making application, as well as internal memoranda to and from other staff of the Appointments Office or to staff of the various state-level departments to which an applicant was referred.
