Biographical/Historical note

The Commonwealth Fund was established in 1918 with an endowment of \$10 million from Mrs. Stephen V. Harkness for "benevolent, religious, educational and like purposes." The early grants supported a variety of programs while generally promoting welfare, especially child welfare. Several grants were made in the field of medical research, but the Board of Directors decided in 1920 that this field was already sufficiently supported by other philanthropic organizations.

Despite this decision, by the mid-1920s the chief interest of the Fund had become public health, including mental hygiene, community health, rural hospitals, medical research, and medical education. Other grant areas included war relief, educational and legal research, child welfare, and international medical fellowships.

[^ Return to Table of Contents](#)

Scope and Contents

This series is a vertical file created by Reginald H. Fitz consisting of articles, reports, studies, reprints and other associated subject matter.

[^ Return to Table of Contents](#)

Arrangement

Records remain arranged as received.

Conditions Governing Access note

Open for research with select materials restricted as noted. Brittle or damaged items are available at the discretion of RAC.

Conditions Governing Use note

Reproduction/duplication of archival items is routinely provided in accordance with "fair use." If the RAC does not hold copyright for an archival collection, or items within a collection, it is the user's responsibility to contact the copyright holder, or make a fair effort to do so, prior to publication.

Processing Information

Minimal processing, Robert Battaly, 2016. Records remain in original file folders.

Immediate Source of Acquisition

The Commonwealth Fund records were donated to RAC in 1985. Record transfers began in 1986, and accruals continue. This series was accessioned as 1986:069.
