## Biographical / Historical

---

Estus H. Magoon was born in 1882, and graduated from the Massachusetts Institute of Technology (MIT). A sanitary engineer, during World War I he served with the American Red Cross in Albania and Serbia. At the conclusion of the war, he joined the staff of the International Health Division and for thirty-eight years made over three hundred trips to twenty-five Latin American countries bringing clean water supplies as a result of his efforts. Mr. Magoon retired from the Foundation in 1957.

### Immediate Source of Acquisition note

19

### Immediate Source of Acquisition note

Estus H. Magoon deposited his photographs with the Rockefeller Foundation Archives in 1963.

### Conditions Governing Access

Open for scholarly research.

RAC is unable to provide access to obsolete media and original digital media. In addition separated media may not yet have undergone stabilization procedures. When feasible, a digital surrogate may be created via special order. All applicable charges will apply. See RAC Head of Archival Services or RAC Head of Digital Programs for details.

### Conditions Governing Use

RAC users must abide by all applicable provisions of United States copyright law. Reproduction/duplication of archival items is routinely provided in accordance with "fair use." If the RAC does not hold copyright for an archival collection, or items within a collection, it is the user's responsibility to contact the copyright holder, or make a fair effort to do so, prior to publication.
