Scope and Contents

Most of the remaining Project files document project proposals rejected by the Ford Foundation from 1950-1964. Project files for accepted proposals were re-numbered as Grant files, with a Program Action (PA) number. The new Grant file number (PA number) is noted on the Ford Foundation's 'Central Index (FA736), Master Cards - Projects' cards, under the old Project number.

The exception being the 'Ford Foundation initiated' projects, which remained as Project files after being approved. For instance, "C-488: Social Sciences and Business Administration (Ford Foundation initiated, 1958".

Project Files are arranged and identified by an alphanumeric Project number beginning with the letters A thru E, followed by a sequential number between 1 and 1000 (for example: A-001 to E-999).

Project Files are numbered chronologically.

Immediate Source of Acquisition

Ford Foundation archive was deposited at RAC in 2011. Ford Foundation records, correspondence, reports, program files and officers papers were transferred to, and accessioned by, RAC beginning in 2011. Accessions continue as necessary.

Conditions Governing Use

Completion of a use agreement is required prior to providing scholarly access. See RAC Head of Reference (or applicable designee) for details.

Ford Foundation holds title, copyright and literary rights in the collection, in so far as it holds them.

The Rockefeller Archive Center has authority to grant permission to cite and publish material from the collection for scholarly purposes. Permission to publish extensive excerpts, or material in its entirety, will be referred to the Ford Foundation.

Custodial History note

Although Project Files are recorded for 4,237 projects in the Fund File Index, the Ford archive's series of Project Files on microfilm currently only includes 984 Project Files (plus 1 NY Fund file, NY-79). Some of the missing 3,253 Project Files were renumbered as Grant Files (with 'PA' numbers) after 1953, but the majority of the missing files seem to have been destroyed.

Conditions Governing Access

Collection is open for research. Brittle or damaged items are available at the discretion of RAC.

Other Finding Aids note

Project files are indexed in the Ford Foundation's Central Index cards, 1950-1974 (FA736). However, not every Project file recorded in the Central Index is included in the Ford archives.

The Ford Foundation's Central Index, Master Cards – Projects (FA736) provides descriptions of Project files numbered 'NY-1' to 'NY-166', and 'A-1' to 'E-199', and is arranged by Project number. The 'Master Cards' for Project files provide the only remaining detailed description of the destroyed Project files.
