## Biographical / Historical

---

Laurance Spelman Rockefeller was born on May 26, 1910, in New York City, the fourth of the six children of John D. Rockefeller, Jr. and Abby Aldrich Rockefeller. He attended Lincoln School, a progressive coeducational preparatory school connected with Teachers College of Columbia University in New York City, before entering Princeton in 1928. A philosophy major, he graduated from Princeton in 1932 with a B.A. degree in philosophy and went on to two years of graduate study at Harvard Law School.

On August 15, 1934, Laurance Rockefeller married Mary French in the Congregational Church in Woodstock, Vermont. Together they raised three daughters and a son.

During World War II, Laurance Rockefeller served in the Navy (1942-1945), attaining the rank of lieutenant commander.

Laurance Rockefeller pursued a number of successful careers during his lifetime. He was a pioneer in the field of venture capital. He was a leading and influential figure for three decades in the American conservation movement. He led the development of one of the world's foremost cancer care and research facilities, and was both a benefactor and advisor to major educational institutions. And, with great foresight, he combined his personal vision for conservation, recreation and the spiritual needs of individuals to develop internationally acclaimed environmentally-oriented resorts. His many accomplishments have been recognized both nationally and internationally.

In 1935, he began working in the family office in Rockefeller Center. His first duties were to develop his knowledge and understanding of Rockefeller philanthropic activities, conservation projects and business interests, through both study and playing a modest role in their operation. Simultaneously, he developed his own special interest, blending business acumen with the talents of a "gadgeteer," a label he once pinned on himself.

He became well known as an investor of risk capital in young enterprises whose future was based primarily on scientific and technological developments. Over the years his investment interests included the fields of aviation, aerospace, electronics, high temperature physics, composite materials, optics, lasers, data processing, thermionics, instrumentation and nuclear power. Beginning in August 1969, his venture capital investments in these areas were made through a venture capital group, Venrock, formed by members of the Rockefeller family.

In a different area of venture capital, he developed outstanding environmentally oriented resort hotels in Puerto Rico, the Virgin Islands, Hawaii and Vermont, serving as chairman of Rockresorts, Inc., a resort management company which he founded and chaired.

Conservation of the environment and recreational development constituted much of Laurance Rockefeller's philanthropy and public service. His introduction to public service came in 1939 when Governor Herbert H. Lehman of New York appointed him to the Palisades Interstate Park Commission (PIPC). He was president of the PIPC from 1970 to 1977 and continued as a commissioner until his resignation in December 1978. He was an advisor to Presidents Eisenhower, Kennedy, Johnson, Nixon and Ford on matters of environmental conservation and outdoor recreation, and he worked on federal commissions set up to help develop national conservation and environmental policies and programs. In 1958, President Dwight D. Eisenhower appointed him chairman of the Outdoor Recreation Resources Review Commission (ORRRC), which charted ways of meeting the nation's outdoor recreation needs through the year 2000. He was a special emissary for President Lyndon Johnson in the effort that led to creation of the National Redwoods Park in California, and he served as chairman of President Nixon's Citizens' Advisory Committee on Environmental Quality, successor to a similar group which he headed under President Johnson. He played a pivotal role in the creation and development of several national parks including Grand Teton National Park in Wyoming, Virgin Islands National Park on the island of St. John and Marsh, Billings, Rockefeller National Historical Park in Vermont.

He served as a leader of several important nonprofit and philanthropic organizations. He was president and later chairman of the Rockefeller Brothers Fund (1958-1980) and was a trustee of the Alfred P. Sloan Foundation (1960-1982). His first association with Memorial Sloan-Kettering Cancer Center in New York City was in 1947; he also served as chairman (1960-1982), overseeing an expansion and modernization of its operations. He was a longtime trustee of the New York Zoological Society (1935-1986) and served as its president (1969-1971) and chairman (1971-1985).

Laurance Rockefeller received many honors for his efforts on behalf of the environment and cancer research and treatment. Among them are the Alfred P. Sloan, Jr. Memorial Award from the American Cancer Society (1969), the Medal of Freedom (1969), Commander (Honorary) of the Most Excellent Order of the British Empire (1971), the Woodrow Wilson Award from Princeton University (1991), the Congressional Gold Medal (1991), the Chairman's Award from the National Geographic Society (1995), the Theodore Roosevelt National Park Medal of Honor (1995), and the Lady Bird Johnson Conservation Award for Lifetime Achievement (1997). In 2003, he became the first person to be made an honorary citizen of the British Virgin Islands in recognition of his many contributions to the area. In December 1959 he received the National Institute of Social Sciences' Gold Medal for distinguished services to humanity, an award previously bestowed upon his grandfather and father. This was the first time in the Institute's history that three generations of a family had been so honored. The citation to Laurance Rockefeller proclaimed him as a "creative organizer of ventures into new fields of human endeavor for the growing aspirations of mankind; [and a] leader in the conservation of natural resources and in the development of the medical and social sciences for the welfare of the individual." In 1967, the National Institute awarded Gold Medals to all five Rockefeller brothers in recognition of their individual and collective services to humanity.

Laurance Rockefeller died on July 11, 2004 at his home in Manhattan.

Prepared by Rockefeller Family and Associates, June 1982 and in 2004.

## Scope and Contents

---

The Laurance S. Rockefeller General Files were created and maintained by the staff of the Rockefeller family office, Room 5600, Rockefeller Center, New York City. The records predominantly document Laurance S. Rockefeller's 1992-1996 activities in the areas of Art, Conservation, Education, Medicine, Politics, Science, Welfare and Youth Organizations. The records also document a selection of Mary French Rockefeller's charitable giving, 1996-1997.

### Immediate Source of Acquisition

The Laurance S. Rockefeller papers were donated to the RAC by Mr. Rockefeller's estate in 2009.

### Conditions Governing Use

RAC has legal title, copyright and literary rights to the papers, in so far as it holds them.

### Processing Information

Minimal processing, 2017. Records primarily remain in original file folders and record storage boxes.

### Conditions Governing Access

Open for research with select materials restricted in accordance with the 2009 donation of the Laurance S. Rockefeller papers. Brittle or damaged items are available at the discretion of RAC. Researchers interested in accessing audiovisual materials (VHS, audio cassettes) in this collection must use an access surrogate. The original items may not be accessed because of preservation concerns. To request an access surrogate be made, or if you are unsure if there is an access surrogate, please contact a RAC archivist.

When requesting to view audiovisual material, please refer to the Title and the AV Number (example: AV 1916). Researchers are asked to check the "Restrictions" note for each Title. If a Title does not currently have an access copy, please contact a RAC archivist for further instruction.
