Biographical / Historical

The Ford Foundation was chartered by Henry and Edsel Ford in 1936 "to receive and administer funds for scientific, educational and charitable purposes, all for the public welfare", and initially served the Ford family's charitable interests in the Detroit area. Following the deaths of Edsel Ford (1943) and Henry Ford (1947), the Foundation was propelled to the forefront of philanthropy as the largest American foundation in terms of both endowment and yearly expenditures, and with an international scope to its major program areas.

During the Foundation's first twenty years its major programs were in international economic development, primary and higher education, educational and public broadcasting, behavioral sciences, civil liberties, urban development, fine arts and the humanities. The Ford Foundation also partnered with the Rockefeller Foundation in supporting agricultural development in South America, Africa, and Southeast Asia. Since the 1970s, the Foundation has also pioneered programs in women's rights, energy

policy, micro-financing in under-developed countries, establishing human rights groups, and improving international HIV/AIDS education.

Scope and Contents

The collection contains press clippings, photographs, slides, digital media, brochures, and other ephemera related to various Ford Foundation grants from the 1990s to the 2000s. These materials were retained as part of a grant's attachments file. More information about individual grants can be found in the Ford Foundation's microfilmed grant records collections.

[^ Return to Table of Contents](#)

Arrangement

Each folder title typically includes (1.) Name of Grantee; (2.) Project Name; and (3.) Grant Program Action Number. The Ford Foundation Program Area (ex. Peace and Social Justice, Media, Arts, and Culture, Overseas, etc.) associated with each particular grant, along with further description of the types of materials, can be found in the additional description note.

Each Ford Foundation Grant and the corresponding Grant File is identified by a unique Program Action (PA) number. PA numbers begin with the year a grant was made (2-digits), followed by a sequential number within that year (4-digits).

For example: PA 55-0123 was the 123rd grant made in the year 1955. PA numbers are often typed or handwritten on Ford documents in the following format: 55-123 (year)-(#####). However, the Ford Foundation's grants database (LINKS) uses an 8-digit format for PA numbers: 05500123 (0YY#####).

Beginning in the 1970s the 4th digit in the 8-digit PA number was used to encode at least three different types of Ford grants:

1. 0YY5##### = Delegated Authority Grants (DAG) / Delegated Authority Projects (DAP)
2. 0YY6##### = Grants to Individuals
3. 0YY9##### = Foundation Administered Projects (FAP)

After the year 2000 a "1" is used as the first digit in the 8-digit PA number to signify the 21st century. For example, the 123rd grant made in 2012 would be PA number 11200123.
