## Biographical/Historical note

---

Will Martin Myers (1911-1970) was born and raised in Bancroft, Kansas. He received a B.S. in Agronomy from Kansas State College in 1932 and an M.S. and Ph.D. in Plant Genetics from the University of Minnesota in 1934 and 1936.

In 1937 Dr. Myers joined the United States Department of Agriculture as Geneticist at the Pasture Research Laboratory, State College, Pennsylvania. After World War II he was Geneticist and Consultant with the Far Eastern Command in Japan. He returned to the USDA as Head of the Division of Forage Crops and Diseases and then as Director of Field Crops Research at Beltsville, Maryland. From 1950-1952 Dr. Myers organized the Sixth International Grasslands Conference and later was Chairman of the U.S. Delegation to the Seventh International Grasslands Conference in 1956. After leaving the Department of Agriculture in 1952, Dr. Myers became Head of the Department of Agronomy and Plant Genetics at the University of Minnesota. He became Dean of the Office of International Programs in 1963.

Dr. Myers had been a consultant to The Rockefeller Foundation since 1954 and spent 1959-1960 in India in that capacity. As Associate Director of Agricultural Sciences in 1964 he also became Director of the International Institute of Tropical Agriculture in Ibadan from 1965-1967. With the Institute formally organized in 1968, he became Chairman of the Board. In 1967 Dr. Myers became Vice-President of the Foundation with interests in the areas of Medical and Natural Sciences, Agriculture, and programs oriented toward University Development, Population, Conquest of Hunger, and Quality of the Environment.

Dr. Myers had many associations, some of which were Chairman, Committee on Agricultural Science, USDA; Chairman, Agricultural Research Facilities Needs Committee, USDA; Chairman, Latin American Science Board National Academy of Sciences; Member, U.S. National Commission, United Nations Educational Scientific and Cultural Organization (UNESCO); Consultant, Ford Foundation; Consultant, Office of Science and Technology, Executive Office of the President; Science Advisor to Assistant Administrator, Latin American Bureau, AID and Coordinator, Alliance for Progress, 1962; Member, U.S. Delegation to the United Nations Conference on Application of Science and Technology in Assistance to Developing Nations, 1963; Chairman, Crops Division, 1946, Vice President 1957, President 1958, American Society of Agronomy.

### Conditions Governing Access

Open for research. Brittle or damaged items are available at the discretion of RAC. Researchers interested in accessing digital media (floppy disks, CDs, DVDs, etc.) or audiovisual material (audio cassettes, VHS, etc.) in this collection must use an access surrogate. The original items may not be accessed because of preservation concerns. To request an access surrogate be made, or if you are unsure if there is an access surrogate, please contact an archivist.

## Conditions Governing Use

Reproduction/duplication of archival items is routinely provided in accordance with "fair use." If the RAC does not hold copyright for an archival collection, or items within a collection, it is the user's responsibility to contact the copyright holder, or make a fair effort to do so, prior to publication.

## Processing Information note

Processing was completed as of November 9, 1970. Processing Level 3: Standard Processing. All material is available in acid free manuscript boxes and folders.

## Immediate Source of Acquisition note
