Mr. Lowry helped develop the Foundation's nascent program in the Humanities and the Arts and served as its first Director when the program was formally established in 1957. He later went on to serve as Vice President of the Office of Policy and Planning (1964-1966), Vice President of the Division of Humanities and the Arts (1965-1975), and Acting President of the Foundation (1965-1966). He retired in 1975. The Office Files of Wilson McNeil Lowry document his oversight of numerous Ford Foundation programs, including Administration (ADMIN), Education (ED), Economic Development Administration (EDA), Fund for Adult Education (FAE), Humanities and the Arts (HA), International Affairs (IA), International Training and Research (ITR), Overseas Development (OD), Public Affairs (PA), Policy and Planning (PP), Population (POP), Science and Engineering (SE), and Special Projects (SPE). These Program Files make up the bulk of the collection. There are also files on the activities of the Board of Trustees as well as on the planning of the new Ford Foundation building in New York, the Building Committee, and the dedication ceremony in 1967. The files also include documents prepared or assembled by his staff, for example, on the Travel Study Award Program, and records of site visits to Arts and Humanities Program grantees and potential grantees. Of particular note in the collection are the extensive records of the Ford Foundation's involvement with and financial support for the McCone Commission investigation of the 1965 Los Angeles Watts Riots.</p>

Programs, 1952-1971

Arrangement

The files have been arranged alphabetically by program area and then by chronological order.

Scope and Contents

Correspondence, memoranda, evaluations and reports from specific program areas have been arranged by program area: Administration (ADMIN), Education (ED), Economic Development Administration (EDA), Fund for Adult Education (FAE), Humanities and the Arts (HA), International Affairs (IA), International Training and Research (ITR), Overseas Development (OD), Public Affairs (PA), Policy and Planning (PP), Population (POP), Science and Engineering (SE), and Special Projects (SPE). Staff memoranda, reports, and correspondence that concern more than one program area or cannot be clearly identified as having originated from a specific program have been filed before the clearly identified program materials.

The largest sets of files are for Education and Policy and Planning, indicative of Mr. Lowry's several years of oversight. Of particular note are the extensive Policy and Planning files concerning the issue of "Negro education" and the Foundation's Urban Extension Programs at various universities. The Public Affairs files reveal the Foundation's support for the investigation of the 1965 Watts riots in Los Angeles. The Science and Engineering folder on Conservation (1962-1965) represents the Foundation's work in conservation and the environment, which would become a new program area in 1966, and includes a federal task force report entitled "The Preservation of Natural Beauty" (1964). One member of that task force was William H. Whyte.
