## Biographical / Historical

---

In 1956 Roger C. Elliot was appointed Assistant Business Manager to work with Waldo Flinn and Douglas Whitaker who had supervisory responsibility for the Office of the Business Manager. In further reorganization Waldo Flinn was named Director of the Budget with Roger C. Elliot as Assistant Director. When Mr. Flinn retired in 1965, and Joseph R. Dilworth, Treasurer, supervised the Office of the Budget and Special Services, Roger Elliot served as Assistant Comptroller.

In 1970/1971 a clear-cut division between financial management of the University and the management of financial properties was re-established. The various positions of Comptrollers were abolished and

Roger Elliot became Director of Budgets and Special Services. In 1972 the post of Director of the Budget and Special Services was dropped and budgetary functions were transferred to the Office of Controller.

Roger Elliot as Director of Administrative Services supervised the property management of the University and the administration of faculty benefit plans and all forms of general insurance. Roger Elliot retired as of July 1, 1974 and the post of Director of Administrative Services was discontinued as a separate entity.

## Scope and Contents

---

This group of records deals primarily with construction of new facilities or additions and remodeling to existing buildings.

The subject files here described include correspondence and records from the files of Waldo Flinn. Some of the material dates as early as 1904. It consists of records from the Business Manager's Office which were never removed when new appointments to the office were made. The detailed inventory sheets indicate the appropriate dates.

## Scope and Contents

---

In May 1978 an additional 15 inches (Boxes 18-20) of records dealing with construction were found. Included are records that had been passed along from Edric Smith, Waldo Flinn and finally to Roger C. Elliot. When the Office of Administrative Services was phased out these records were sent to the Archives Office.

Physical Description: 1.5 Cubic Feet 3 boxes

Immediate Source of Acquisition:

### Immediate Source of Acquisition

In May 1978 an additional 15 inches (3 boxes) of records dealing with construction were found. Included are records that had been passed along from Edric Smith, Waldo Flinn and finally to Roger C. Elliot. When the Office of Administrative Services was phased out these records were sent to the Archives Office.

This group of records deals primarily with construction of new facilities or additions and remodeling to existing buildings.
