### Conditions Governing Access

Open for research. Brittle or damaged items are available at the discretion of RAC. Researchers interested in accessing digital media (floppy disks, CDs, DVDs, etc.) or audiovisual material (audio cassettes, VHS, etc.) in this collection must use an access surrogate. The original items may not be accessed because of preservation concerns. To request an access surrogate be made, or if you are unsure if there is an access surrogate, please contact an archivist.

### Processing Information

Level 2 Limited Processing has been conducted by RAC to establish basic intellectual and physical control of the material and assess immediate preservation and conservation needs. Records have been rehoused into acid-free boxes. All records remain in original folders.

### Immediate Source of Acquisition

The Rockefeller Foundation Biographical File was created and maintained by the Foundation staff until the 1980's, at which time the File was transferred to the Rockefeller Archive Center.
