Biographical/Historical note

The Spelman Fund of New York was chartered as a corporation on December 27, 1928, exclusively for "charitable, scientific and educational purposes including the advancement and diffusion of knowledge concerning child life, the improvement of interracial relations and cooperation with public agencies."

\$10,000,000 was provided for The Spelman Fund by the Laura Spelman Rockefeller Memorial shortly after the latter organization merged with The Rockefeller Foundation in 1929. The Memorial had developed a broad program in child study and interracial relations. Though the Fund continued to support some of the agencies previously supported by the Memorial for the duration of the particular grant, the main program of the Fund was in the area of public administration and intergovernmental relations. This was an area the Memorial had just begun to develop in its program, and it soon became the primary interest of the Fund. The Fund worked to improve the technical aspects of public administration. They supported activities which would improve exchange of technical information and experience and also activities of research to discover improved methods and techniques of organization.

Many major appropriations were made to the "1313" agencies, i.e., the American Association of Public Welfare Officials, the American Legislators Association, the American Municipal Association, the American Public Welfare Association, the American Public Works Association, the American Society

of Planning Officials, the Civil Service Assembly, the Council of State Governments, the Federation of Tax Administrators, the International City Managers Association, the Municipal Financial Officers Association, the National Association of Housing Officials, the Public Administration Clearing House and the Public Administration Service. These groups were brought together in Chicago in 1932, and later in a building on the campus of the University of Chicago. The address was 1313 E. 60th Street, hence the name.

The final grant of unexpended funds was made to the Public Administration Clearing House, the nerve center of the "1313" agencies, and in 1949 the Fund was dissolved.

The Spelman Fund Collection covers the period from 1928 to 1949.

Spelman Fund of New York Minutes Index

A card index to the Spelman Fund of New York records, Series 1: Minutes, Dockets and Documents of Record is available for researcher use. Referenced entries in the SFNY Minutes are indicated by a 5-digit number, formatted as a 2-digit year and 3-digit page number, on the left edge of the cards. For example: "31032" = 1931 Minutes, page #032.

Both Blue and white cards must be read to have a complete picture of any action recorded in the Minutes. Every action is recorded on the white cards; but only those actions having to do with appropriations are recorded on the blue cards.

The SFNY Minutes Index is located in drawers 65-71 of the 72-drawer cabinet next to the RAC's reading room.

Spelman Fund of New York photographs

Biographical / Historical

The Spelman Fund of New York was chartered as a corporation on December 27, 1928, exclusively for "charitable, scientific and educational purposes including the advancement and diffusion of knowledge concerning child life, the improvement of interracial relations and cooperation with public agencies."

\$10,000,000 was provided for The Spelman Fund by the Laura Spelman Rockefeller Memorial shortly after the latter organization merged with The Rockefeller Foundation in 1929. The Memorial had developed a broad program in child study and interracial relations. Though the Fund continued to support some of the agencies previously supported by the Memorial for the duration of the particular grant, the main program of the Fund was in the area of public administration and intergovernmental relations. This was an area the Memorial had just begun to develop in its program, and it soon became the primary interest of the Fund. The Fund worked to improve the technical aspects of public administration. They supported activities which would improve exchange of technical information and experience and also activities of research to discover improved methods and techniques of organization.

Many major appropriations were made to the "1313" agencies, i.e., the American Association of Public Welfare Officials, the American Legislators Association, the American Municipal Association, the American Public Welfare Association, the American Public Works Association, the American Society of Planning Officials, the Civil Service Assembly, the Council of State Governments, the Federation of Tax Administrators, the International City Managers Association, the Municipal Financial Officers Association, the National Association of Housing Officials, the Public Administration Clearing House and the Public Administration Service. These groups were brought together in Chicago in 1932, and later in a building on the campus of the University of Chicago. The address was 1313 E. 60th Street, hence the name.

The final grant of unexpended funds was made to the Public Administration Clearing House, the nerve center of the "1313" agencies, and in 1949 the Fund was dissolved.
