## Biographical/Historical note

---

The original purposes of the Jackson Hole Preserve were to restore, protect, and preserve primitive grandeur and natural beauty for the benefit of the public; to provide for the protection, feeding, and propagation of wild game; and to maintain the historic and scientific features of picturesque areas.

Since 1940, when the preserve was founded by John D. Rockefeller, Jr. and his son Laurance, JHPI has given to the United States more than 33,000 acres of land for national parks in the Grand Tetons of Wyoming, the Virgin Islands in the Caribbean, and New York State. In addition, the preserve has built visitor facilities in these areas and contributed several million dollars to their maintenance.

In 1958, Jackson Hole Preserve established a new organization, the American Conservation Association, to carry on the educational, research, and citizen action activities that the Preserve felt were beyond its own capabilities.

### Publication Statement

Rockefeller Archive Center

15 Dayton Avenue

Sleepy Hollow 10591

[archive@rockarch.org](mailto:archive@rockarch.org)

URL: <http://www.rockarch.org>

### Accruals note

A portion of Accession 2006:097 -- Boxes 118 and 120 containing Board Minutes, Bylaws, and Certificate of Incorporation --- were officially deaccessioned in January 2007. Portions of Box 118 remain in the collection.

### Immediate Source of Acquisition note

Jackson Hole Preserve, Inc. deposited the records at the Rockefeller Archive Center in April 1985.

RAC received Jackson Hole Preserve, Inc. records as early as 1977. Official accession documentation is available beginning in 1990 (Accession 1990:115). Additions and accruals to the collection have been received in multiple accessions, and continue periodically as applicable.

### Conditions Governing Use note

Jackson Hole Preserve, Inc. retains title, copyright and literary rights in the collection, in so far as it holds them.

The Rockefeller Archive Center has authority to grant permission to cite and publish material from the collection for scholarly purposes.

## Conditions Governing Access note

Records more than 15 years old are open for research with select materials restricted as noted. Brittle or damaged items are available at the discretion of RAC. Researchers interested in accessing digital media (floppy disks, CDs, DVDs, etc.) or audiovisual material (audio cassettes, VHS, etc.) in this collection must use an access surrogate. The original items may not be accessed because of preservation concerns. To request an access surrogate be made, or if you are unsure if there is an access surrogate, please contact an archivist.

## Processing Information note

Preliminary archival processing of the records was conducted by the Rockefeller Archive Center to establish intellectual and physical control of the material and assess its immediate preservation and conservation needs. The collection remains in storage boxes and original folders. A large majority of the storage boxes were renumbered during preliminary processing. Further archival processing, primarily to arrange the records to facilitate more efficient scholarly access to the collection and address its long-term preservation, will be conducted at a later date, as necessary.
