#### Scope and Contents note

##### NOTE TO RESEARCHERS

This subseries contains a portion of the office files of several members of Nelson A. Rockefeller's staff, primarily the Appointments Office. They document official activities in the execution of their duties as members of Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administrations, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Nelson A. Rockefeller, or is referred to in a document addressed to him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

##### SCOPE AND CONTENT

This is an incomplete portion of Governor Rockefeller's Appointments Office correspondence, dating from 1958 to 1970. Only three boxes of alphabetical correspondence are represented, from C through L. There is no record or indication of what happened to the rest of the alphabetical run. The final box of the series is a box of miscellaneous subject files, dating from 1967 to 1970. Alphabetically arranged by topic, this portion of the series is also incomplete. The material contained within these files may be duplicated within the official gubernatorial record, maintained on microfilm at both the New York State Archives and the Rockefeller Archive Center.

A function of the Appointments Office was to sift through the letters of application received for positions in the gubernatorial administrations. The series consists of correspondence to and from the individuals making application, as well as internal memoranda to and from other staff of the Appointments Office or to staff of the various state-level departments to which an applicant was referred.

## Assembly and Senate Memos, 1959-1973

Physical Description: 18.4 Cubic Feet 46 Boxes

### Scope and Contents note

This series contains a comprehensive collection of the bills submitted to Nelson A. Rockefeller for approval during his tenure as Governor of New York, an office he held from 1959 to 1973. As the chief executive of the state, Rockefeller signed all bills into law or vetoed them. Each bill that was submitted to Rockefeller for his signature was accompanied by a memorandum from the Counsel to the Governor. These memoranda stated the subject and purpose of the bill, including the original sponsor of the bill; brief comments offering background on the legislation; and the recommendation of the Counsel. The Counsel would usually conclude the memo with a recommendation of "Approval" or "Disapproval." In either case, the legislation may also have been signed or vetoed with an accompanying memorandum from Rockefeller.

Bills from the Legislature included some that were very specific (e.g., Assembly Bill 3228, submitted to the Governor, April 4, 1962, which extended "from May 1 to May 31 the period during which certain specified officers may kill dogs pursuing or killing deer"). This bill was approved. Others reflect a special interest (e.g., a 1970 bill "to provide certain members of the Nassau County Police Department with a retirement allowance equal to 'full salary at the date of retirement' after 35 years of service"). It was disapproved on the recommendation of the Nassau County government and the Offices of Civil Service and Budget.

The series concludes with two folders of "Memoranda of Law" that address issues arising in New York State that required extra-legislative action, for example, a November 7, 1960, memorandum concerning the "Governor's Action to Impound Election Records." Such memoranda were written to inform the Governor of a question or a challenge regarding a recently enacted law or action by the state government.

## Joseph H. Boyd Files, 1963-1967

Physical Description: 1 Cubic Feet 1 Record Carton

### Scope and Contents note

#### NOTE TO RESEARCHERS

This series contains the office files of Joseph H. Boyd. They document official activities in the execution of his duties as a member of Nelson A. Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Rockefeller, or is referred to in a document addressed to him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

#### SCOPE AND CONTENT

This series contains a portion of the files of Joseph H. Boyd. These files primarily document Boyd's tenure as Congressional liaison officer for Governor Rockefeller. During 1967, Boyd maintained an office in Washington, DC, and held regular meetings with members of the New York State Congressional delegation. Almost all of the files pertain to that year, when he routinely spoke with members by telephone and represented the Governor in Washington. Boyd also served as Rockefeller's liaison to the New York State Legislature during this time. Boyd was a member of Governor Rockefeller's staff before as well as after serving in this role. The other files in this series cover his prior service as a Special Assistant to the Governor. Of note are memoranda and correspondence from Henry Kissinger and Edward Teller on such topics as foreign policy, defense spending, and the nuclear test ban treaty before the U.S. Senate Foreign Relations Committee in 1963 (Folders 42 and 43).

## Latin American Mission, 1968-1972

Physical Description: 5.2 Cubic Feet 13 document boxes

### Scope and Contents note

After several discussions with President Richard Nixon, in 1969 Nelson Rockefeller was appointed to undertake a Presidential Mission to Latin America to consult with the leaders of those republics and determine the needs and conditions there. During the spring and summer of that year, Rockefeller toured 20 Latin American countries. This subseries contains a small sample of the documentation of the mission. Notable in this subseries is correspondence with members of President Nixon's staff, specifically National Security Advisor Henry Kissinger, who monitored the mission from Washington.

Related Archival Materials note:

**Related Archival Materials note**

Additional extensive materials on the Latin American Mission may be found in the Washington, DC, series in Record Group 4 of the Nelson A. Rockefeller Papers (Boxes 98-201).

### Arrangement note

This series is divided into four subseries:

Subseries 1 - Robert MacCrate Subseries 2 - Sol Neil Corbin Subseries 3 - Robert R. Douglass Subseries 4 - Michael Whiteman

### Scop and Contents note

The primary responsibility of Counsel to the Governor was to translate the Governor's programs into law. He and his staff ensured that bills were correctly drafted, and helped to stop bills that were antithetical to the Governor's programs from being enacted. Bills in the governor's annual legislative program were drafted in the counsel's office to ensure that they reflected Rockefeller's views. Drafting work was divided among assistant counsels, roughly according to subject matter. The counsel's office also reviewed bills drafted by other agencies. Rockefeller was not directly involved in this work, concentrating instead on broad policy matters. Under Rockefeller's administrations the Counsel was one of three people, along with the Secretary to the Governor and the Budget Director, on whom he relied most heavily for administration and program development.

#### NOTE TO RESEARCHERS

This subseries contains a portion of the office files of Robert MacCrate and other members of the office of Counsel to the Governor. They document the official activities of these individuals in the execution of their duties as members of Nelson A. Rockefeller's gubernatorial staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administrations and political campaigns. However, unless a document is personally signed by Nelson A. Rockefeller, or is referred to in a document personally signed by him, it should not be assumed that he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

#### SCOPE AND CONTENT

This subseries contains a small portion of the files of Robert MacCrate, who served as Associate Counsel (Feb. 2, 1959-June 1, 1959) and then Counsel (June 1, 1959-June 30, 1962) to Governor Rockefeller. The principal topics are constitutional amendments (Folder 10), coordination of state governmental activities and departments (Folder 11-14), economic development (Folder 25), and education (Folder 26-35). Other files deal with the creation of the Job Development Authority (Folder 25), state aid to public schools (Folders 29-31), the merger of the University

of Buffalo into the State University of New York (Folder 32), and the creation of the State Dormitory Authority (Folders 33 and 35).

## Robert R. Douglass, 1959-1972

Physical Description: 26 Cubic Feet 65 document boxes

### Arrangement note

The files in this subseries are arranged alphabetically by subject matter and then arbitrarily within each subject.

### Biographical/Historical note

Robert R. Douglass served in a number of key positions in New York state government by appointment of Governor Rockefeller. A native of Binghamton, New York, Douglass graduated with distinction from Dartmouth College in 1953. He served in the U.S. Army from 1954 to 1956. Following his military service, he entered Cornell Law School in 1956 and graduated in 1959. While at Cornell, he served as president of the Cornell Law Student Association. In 1959, he became an associate of the Binghamton law firm of Hinman, Howard, and Kattell. He was appointed First Assistant Counsel to the Governor in December 1964 and served in that post until September 1, 1965, when he was appointed Counsel to the Governor. On January 1, 1971, he was appointed Secretary to the Governor. He resigned as Secretary to the Governor on September 1, 1972, when he became a partner in the New York City law firm of Milbank, Tweed, Hadley, and McCloy.

Douglass was appointed by Governor Rockefeller as a trustee of the State University of New York on September 27, 1972. He also served as a trustee of Dartmouth College from 1983 to 1993. He was Vice President and General Counsel of Chase Manhattan Bank from 1976 to 1983, Executive Vice President from 1983 to 1985,

and Vice Chairman from 1985 to 1993. In 1994, he renewed his association with Milbank, Tweed, Hadley, and McCloy in an "of counsel" capacity.

In 1968, Douglass was chairman of Nelson Rockefeller's campaign for the Republican presidential nomination. He also served as a commissioner of the Port Authority of New York State and New Jersey from 1972 to 1976, a trustee of the New York City Public Library from 1972 to 1986, and a trustee of the Museum of Modern Art from 1989 to 1994.

### SCOPE AND CONTENT

This subseries contains a portion of the files of Robert R. Douglass from his years as Counsel to Governor Nelson A. Rockefeller (September 1965 to December 1970) and then as Secretary to the Governor (January 1971 to August 1972).

The files in this subseries are arranged alphabetically by subject matter and then arbitrarily within each subject. The final subject, General Government, is a broad heading for several topics, including politics, presidential campaigns, and welfare. Reflecting his time as Counsel to the Governor, Douglass's files are replete with information on most of the programs and policies from the Rockefeller years. Folders 363 through 442 contain extensive materials dealing with the New York Constitutional Convention of 1967. The proposed new constitution was narrowly adopted at the contentious convention and was overwhelmingly defeated by the voters in the November 1967 election. Also of note are Douglass's files dealing with the creation of the Narcotics Addiction Control Commission (Folders 497 and 498) and the Taylor Law, which prohibits strikes by public employees (Folders 508 to 514). Douglass was chairman of Rockefeller's 1968 presidential campaign, as documented in Folders 659 to 707.

## Michael Whiteman, 1963-1974

Physical Description: 32 Cubic Feet 80 document boxes

### Arrangement note

The files in this subseries are arranged by broad subject headings, and thereunder the folder order is mostly chronological but somewhat arbitrary.

### Biographical/Historical note

Michael Whiteman was born in New York, New York, and grew up near Great Neck on Long Island. He graduated magna cum laude from Harvard College and cum laude from Harvard Law School. After graduation, Mr. Whiteman remained at Harvard for one year as a research assistant to Paul A. Freund, the Carl M. Loeb University Professor, and as a teaching assistant in general education. In 1963 he joined Governor Rockefeller's staff, serving for ten years in various capacities as detailed above. Upon Governor Rockefeller's resignation in December 1973, Mr. Whiteman served as Counsel to Governor Malcolm Wilson until December 1974. He then became a founding partner of the Albany, New York law firm of Whiteman Osterman & Hanna, where he specializes in energy and telecommunication law, government contracting, corporate law, business professional practices, and governmental ethics.

## Scope and Contents note

### NOTE TO RESEARCHERS

This subseries contains a portion of the office files of Michael Whiteman and other members of the office of Counsel to the Governor. They document the official activities of these individuals in the execution of their duties as members of Nelson A. Rockefeller's gubernatorial staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administrations and political campaigns. However, unless a document is personally signed by Nelson A. Rockefeller, or is referred to in a document personally signed by him, it should not be assumed that he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

### SCOPE AND CONTENT

This subseries contains a portion of the files of Michael Whiteman (MW) from his years as Confidential Law Assistant (1963-1964), Assistant Counsel (1964-1967), First Assistant Counsel (1967-1971), and Counsel (1971-1973) to Governor Nelson A. Rockefeller of New York. Mr. Whiteman also served as Acting Counsel to the Governor from May through August 1968.

The files in this subseries remain in the original order in which they were arranged while in active use in Mr. Whiteman's office. There is a broad subject heading to the arrangement, and thereunder the folder order is mostly chronological but somewhat arbitrary. Boxes 1 and 2 contain various studies and statistical and demographic projections that came to Mr. Whiteman at the earliest stages of his government service. Boxes 3 and 4 comprise his chronological files, which were not continued after early 1967. Boxes 5 to 7 contain requests made through the Counsel's Office to the New York State Police Bureau of Criminal Investigation (BCI) for information on prospective government employees. Boxes 8 through 14 are general materials related to various state governmental authorities, including the Niagara Frontier Port Authority, the New York State Atomic Research and Development Authority, the Port of New York Authority, the State Tax Commission, and the State Liquor Authority.

Boxes 17 to 20 deal with legislation in 1968 and 1969, including the Recodification of the Vehicle and Traffic Law. Boxes 22 to 35 contain papers related to the Governor's Legislative programs between 1969 and 1972. Boxes 39 through 69 deal with state issues that arose during 1969 to 1973. The remaining materials (Boxes 70 to 80) relate to legislation, the 1973 Governor's Legislative Program, and other 1973 issues--most notably the legislation that became known as the Rockefeller Drug Laws. There is only one folder in this subseries (Box 44, Folder 464) on the September 1971 riot at Attica Prison and the ensuing effort by the state to retake control of the prison.

**New York State Committee to Reelect the President, 1972-1973**

Physical Description: 0.8 Cubic Feet 6 Boxes

**Scope and Contents note**

This small series contains only a portion of the files of the New York State Committee to Reelect the President [Nixon]. The original extent of the materials was twelve cubic feet. However, shortly after the materials were deposited in the Rockefeller Family Archives, the NYS Committee to Reelect the President (NYS CREEP) was audited by the Internal Revenue Service. The majority of the materials was sent to Washington, DC, and was never returned. The original finding aid has been appended to this finding aid. The remaining materials were originally found in boxes 9, 10, and 11.

These fragmentary materials document aspects of the 1972 presidential election, the last election prior to more stringent campaign finance laws taking effect. Among these remaining materials are receipts for contributions made to NYS CREEP. There are also cancelled administrative checks indicating the costs associated with running a presidential campaign. However, as noted in the attached separation sheet, specific tax documents pertaining to NYS CREEP staff have been removed and destroyed by the Rockefeller Archive Center.

As Governor of New York, Nelson Rockefeller took a prominent role in the 1972 presidential election, although Rockefeller and President Nixon were long-time political rivals. There is no evidence in this material, however, of any direct involvement by Nelson A. Rockefeller in NYS CREEP.

Physical Description: 2 Cubic Feet 5 Boxes

## Arrangement note

This series is arranged in three subseries:

Subseries 1 - Executive Chamber, 1964-1965 Subseries 2 - Subject Files, 1964-1971 Subseries 3 - Miscellaneous, 1964-1973

## Biographical/Historical note

Jerry A. Danzig was born in New York, New York, in 1913. He graduated from the Horace Mann School for Boys in New York and earned a Bachelor of Arts degree from Dartmouth in 1934. He served in a variety of management and executive positions for broadcasting companies in New York City, including radio stations WOR and WINS, and network television stations CBS and NBC. In 1961, Danzig served as a television and radio consultant to the New York Republican City Committee. In 1962, he became Special Assistant to the Governor for Radio and Television, a position he held until 1973. Danzig's responsibilities included the production and distribution of radio and television commercials, or spots, for Rockefeller's gubernatorial and presidential campaigns. In 1973, Rockefeller appointed Danzig to the New York State Commission on Cable Television, on which he served until 1981. Danzig was a partner in Chester Burger & Co., a management consulting firm, from 1976 until 1985, when he became a consultant to the National Executive Service Corps.

## Scope and Contents note

### NOTE TO RESEARCHERS

This series contains the office files of Jerry A. Danzig. They document official activities in the execution of his duties as a member of Nelson A. Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Rockefeller, or is referred to in a document addressed to him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

### SCOPE AND CONTENT

This series covers the majority of Jerry Danzig's service as Nelson Rockefeller's Special Assistant to the Governor for Radio and Television, from 1964 to 1973. The files consist of Danzig's internal memoranda and correspondence regarding Governor Rockefeller's radio and television appearances; bills and invoices for the production, distribution, and broadcast of television promotions; and budgets and expense accounts for programs. There are also scripts and transcripts of short promotional films on Rockefeller. Additional Danzig material is also located in the New York Office series of the Nelson Rockefeller Gubernatorial Papers (III 15 22.3). While the material in this series is primarily New York State related, the material in the New York Office series deals primarily with the 1964 Presidential Campaign.

### Scope and Contents note

#### NOTE TO RESEARCHERS

This series contains portions of the office files of several members of Nelson A. Rockefeller's staff. They document official activities of these individuals in the execution of their duties as members of Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Nelson A. Rockefeller, or is referred to in a document addressed to him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

#### SCOPE AND CONTENT

This series primarily comprises correspondence from New York State residents to members of Governor Rockefeller's staff, specifically those working on the Gubernatorial Executive Branch staff. The correspondence is congenial, thanking the staff members for meeting with them or thanking the staff member for appearing at an event on the Governor's behalf. Many members of the executive staff are represented here, although the series is dominated by correspondence with Alexander Aldrich, Richard Amper, and Robert McManus.

Mr. Amper was Governor Rockefeller's first press secretary and was succeeded by Mr. McManus, who served in the position until 1966, when he was appointed executive assistant to the Governor. Mr. Aldrich began his career with New York State as director of the Division for Youth in 1960.

## Scope and Contents note

### NOTE TO RESEARCHERS

This series contains the office files of Ann Whitman, Nancy Towell, and Kathy Huldrum. They document the official activities of these individuals in the execution of their duties as members of Nelson A. Rockefeller's gubernatorial and personal staffs. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Nelson A. Rockefeller, or is referred to in a document addressed to him, it should not be assumed that he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

### SCOPE AND CONTENT

This series documents portions of Nelson A. Rockefeller's public and private activities between 1968 and 1974. These records were created and maintained by members of Rockefeller's staff at his office at 22 West 55th Street, New York, also called the New York Office. Rockefeller was one of the first New York governors to maintain a permanent office in New York City. In general, Rockefeller was in Albany only while the Legislature was in session or for special occasions. The management of his public duties was undertaken largely at 55th Street. The office was paid for privately by Rockefeller, but many of the staff were public employees. When he resigned as governor, on December 20, 1973, some of the staff became Rockefeller's personal employees. Some of them went on the federal payroll and moved to Washington, DC, when Rockefeller became Vice President of the United States on December 19, 1974.

## Correspondence Files, 1968-1974

### Arrangement note

There is a separate file for each year; the correspondence is arranged alphabetically thereunder.

### Scope and Contents note

These files were maintained by Ann Whitman, Rockefeller's executive secretary. It consists mostly of outgoing correspondence, although there are some incoming letters. The correspondence is with heads of state, American political figures, and private citizens. The correspondence covers a broad range of issues and reflects Rockefeller's policy of giving each letter writer a proper response. At the end of the subseries are two folders of letters to John Mitchell, Attorney General of the United States, and John Ehrlichman, Counsel to President Richard M. Nixon. There is no indication as to why this correspondence is segregated.

**Scope and Contents note**

Following President Gerald R. Ford's nomination of Nelson Rockefeller to fill the vacant vice presidency, many private citizens and public officials sent Rockefeller letters of congratulation and support. The correspondence came after the announcement of the selection, during the lengthy confirmation hearings, and upon Rockefeller's swearing-in on December 19, 1974. Some of those letters are here; however, the subseries consists primarily of carbon copies of Rockefeller's acknowledgements.

### Scope and Contents note

The volumes in this subseries contain memoranda from Governor Rockefeller's staff and advisors. Much of the material was prepared under the supervision of Roswell B. Perkins, one of Rockefeller's chief advisors. Found throughout the volumes are draft "Platform Planks" submitted for consideration in the 1964 Republican Party Platform, as well as selections from the "Current Positions Notebook," which outlined Governor Rockefeller's stands on a variety of issues. This subseries also includes many background papers written by consultants hired by Governor Rockefeller. The material in this subseries was primarily gathered for the 1964 Presidential election, and therefore a majority of the material contains analyses of Kennedy and Johnson administration proposals and stands on issues, as well as evaluations of positions held by Senator Barry M. Goldwater. Campaign-related materials (pamphlets, position cards) are also found in this series.

#### **NOTE TO RESEARCHERS**

This series contains the office files of Arthur Massolo. They document official activities in the execution of his duties as a member of Nelson A. Rockefeller's staff. The actions, decisions, and exchanges of information or

points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is personally signed by Nelson A. Rockefeller, or is referred to in a document personally signed by him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

#### SCOPE AND CONTENT

This series contains a portion of the office files of Arthur Massolo, who served in the Appointments Office during Nelson A. Rockefeller's third gubernatorial term. This incomplete selection of papers is composed entirely of correspondence with individuals seeking employment in the Rockefeller administration. As Assistant Appointments Officer to the Governor, Massolo forwarded the correspondence to the appropriate department. Massolo often included cover memoranda with recommendations on the individuals to the directors, commissioners, or secretaries of the many New York State departments.

There is no indication as to why those individuals who have their own folders were given such a distinction. Arthur J. Lewis wrote several letters to Massolo seeking state aid on behalf of his disabled son. Rose Shapiro was appointed as Governor Rockefeller's new assistant for narcotics in February 1970. Folder 12, Puerto Ricans Meeting, March 22, 1967, contains Massolo's notes from this meeting.

#### NOTE TO RESEARCHERS

This series contains the office files of Carl Spad, Michael Scelsi, Roswell B. Perkins, Graham T. Molitor, Jerry Danzig, George Hinman, Ilene Slater, and Alexander Halpern. They document the official activities of these individuals in the execution of their duties as members of Nelson A. Rockefeller's gubernatorial and/or political campaign staffs. The actions, decisions and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration and/or political campaigns. However, unless a document is specifically addressed to or from Nelson A. Rockefeller, or is referred to in a document addressed to him, it should not be assumed that he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents addressed to Rockefeller that were never shown to him.

#### SCOPE AND CONTENT

Prior to his election as Governor of New York in November 1958, Nelson A. Rockefeller maintained an office at Rockefeller Center in Manhattan. To separate his work as Governor from his private activities, Governor Rockefeller established an office in Manhattan at 22 West 55th Street. This became known as the New York Office, to distinguish it from the Governor's office in the state capitol building in Albany. Governor Rockefeller was the first governor to maintain a permanent office in New York City. In general, Governor Rockefeller was in Albany only when the state legislature was in session or on special occasion. The management of his public duties was largely undertaken from the New York Office.

This series primarily documents Rockefeller's travel and public appearances during his first two terms as governor, portions of his 1962 gubernatorial reelection campaign, and portions of his campaigns for the Republican presidential nomination in 1960 and 1964.

They made arrangements for travel and accommodations and made sure that proper protocol was followed. This material also documents Rockefeller's extensive campaign trips in 1960, 1962, and 1964. The files date from November 1959 to December 1965. They contain correspondence, internal memoranda, the staff's handwritten notes regarding itineraries and scheduling problems, published itineraries for the benefit of the press, background information on the host organization for the benefit of Governor Rockefeller, transcripts of Governor Rockefeller's speeches and press conferences, programs from some events, lists of people to thank for assistance with some trips, and newspaper clippings. Some memoranda and letters contain Governor Rockefeller's handwritten comments. Correspondence regarding events Governor Rockefeller did not attend are filed as "Regrets."

The first Appointments Officer was Carl Spad. He left in 1964 to head the New York State Republican Committee and was replaced by Michael Scelsi. The Appointments Secretaries were Margaret Fowler and Margaret Vilar.

The cancellation of Governor Rockefeller's scheduled appearances in late November and early December of 1961 reflect his sudden trip to New Guinea to aid in the search for his son, Michael, who had disappeared there.

## Campaign for the 1964 Republican Presidential Nomination, March 1963-June 1964

Physical Description: 1.6 Cubic Feet

**Arrangement note**

Subseries 2 is arranged chronologically.

**Scope and Contents note**

This subseries contains memoranda between Roswell B. Perkins and Graham T. T. Molitor. Mr. Perkins, a lawyer and a partner in the law firm of Debevoise, Plimpton had served as Governor Rockefeller's first Counsel to the Governor in 1959. In Governor Rockefeller's 1964 presidential campaign, he was responsible for monitoring

statements made by other candidates vying for the Republican presidential nomination. Mr. Molitor was a lawyer and legislative researcher who was hired as Director of Candidate Research for the Rockefeller campaign.

The subseries contains a separate file for each statement made by a candidate or a statement made about a candidate by the media. Most of the files contain Mr. Perkins' and Mr. Molitor's analysis and comments of the statement. Most of the files are on Senator Barry Goldwater of Arizona. Other individuals represented include former Vice President Richard Nixon, Governor George Romney of Michigan, and Governor William Scranton of Pennsylvania. Also included in this subseries are scripts for television advertisements endorsing Governor Rockefeller and some reports from "Radio/TV Reports, Inc.," which summarize local electronic media coverage of Governor Rockefeller and the campaign.

## Special Assistant to the Governor for Radio and Television, 1961-1965

Physical Description: 3 Cubic Feet

### Arrangement note

The subseries is arranged alphabetically by subject.

### Scope and Contents note

These are files of Jerry Danzig, a former television executive who served as Special Assistant to the Governor for Radio and Television. Most of the information in this subseries concerns the 1964 presidential campaign. The remainder concerns the 1962 gubernatorial campaign. The subseries consists of Mr. Danzig's internal memoranda and correspondence regarding Governor Rockefeller's radio and television appearances; bills and invoices for the production, distribution, and broadcasting of television promotions; budgets and expense accounts for the 1962 Gubernatorial campaign; files on campaign trips; and campaign literature. There are also scripts and transcripts of short promotional films on Governor Rockefeller. However, it is unclear which, if any, of these films were ever broadcast. At least one appears never to have been used; the script for a French language television commercial produced for New Hampshire bears the words "not used" in Governor Rockefeller's handwriting. There are also some reports from "Radio/TV Reports, Inc."

## George Hinman and Ilene Slater Files, 1959-1962

Physical Description: 6 Cubic Feet

### Arrangement note

The subseries is broken into two parts: State Files and Subject Files. The files are arranged alphabetically.

### Scope and Contents note

George Hinman and Ilene Slater were executive assistants to Governor Rockefeller. In 1959, they were assigned the responsibility of exploring Governor Rockefeller's chances of winning the Republican presidential nomination in 1960. For the most part, these files cover the period from late 1959 to early 1960. Some items are dated as late as 1962.

The State Files include such information as the names of each state's government officials; a list of delegates to the 1956 Republican Convention; correspondence with supporters of Governor Rockefeller; invitations to speak to groups of supporters; schedules for trips; thank you letters; and clippings. There are also files for the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands. Within the Subject Files is correspondence with supporters and groups seeking to draft Governor Rockefeller; memoranda; and notices and reports regarding different phases of the 1960 campaign. At the end of this section are several files dealing specifically with the 1960 Republican Convention. (In his capacity as a Republican National Committeeman, Mr. Hinman was involved in the process of choosing delegates to the nominating conventions.) Within these files is one entitled "Convention Speeches" containing Governor Rockefeller's handwritten copy of his speech nominating Richard Nixon as the Republican presidential candidate.

Also included in this subseries is George Hinman's "Talent File." This consists of approximately 300 blue 3" x 5" index cards. On each card is the name and address of an individual and a brief description of that person's talents, experience, contacts, and sometimes another person's opinion of that individual. Many of the cards are dated indicating that this file was created in 1962 and 1963. An undated note at the beginning of the file reads, "Not useful at present - return to Ilene [Slater]." The Talent File is in Box 21 at the end of the series.

**Rockefeller for President Citizens Information Center, 1958-1960**

Physical Description: 1.6 Cubic Feet

**Arrangement note**

Subseries 5 is divided into three sections: General Files, State Files, and Card Files. General Files and State Files are arranged alphabetically. Card Files are arranged alphabetically by state.

**Scope and Contents note**

These are the files of Alexander Halpern, chairman of the Rockefeller for President Citizens Information Center, a private group that sought to promote Governor Rockefeller's candidacy for president in 1960. The CIC, as it was called, acted as a distribution center for information about Governor Rockefeller. It was established in response to requests for information about Rockefeller from independent groups around the country which were seeking the Republican nomination for him. The CIC was conceived in the summer of 1959 by a group of Governor Rockefeller's friends and supporters. This group included R. Burdell Bixby, George L. Hinman, L. Judson Morehouse, Roswell B. Perkins, Oren Root, Oscar M. Ruebhausen, and Mr. Halpern. It was formally organized in September 1959, and an office was opened in the Belmont Plaza Hotel on Lexington Avenue, New York, in October. The CIC ceased operation on December 28, 1959, two days after Governor Rockefeller announced

that he would not seek the nomination. At that time Mr. Halpern requested that other Rockefeller for President Committees throughout the country also cease activities. Nevertheless, throughout most of 1960 letters continued to arrive from individuals urging Governor Rockefeller to run for president.

The General Files contain office memoranda; correspondence; and lists of volunteers and of "Rockefeller for President" organizations. The State Files consist of correspondence with individuals from various states. The Card Files consist of approximately 800 4" x 6" blue and white index cards arranged by state. The cards contain addresses of political organizations, citizens groups, campaign volunteers, and abstracts of polls taken by independent organizations. The cards can also be used to locate correspondence with individuals filed in the State Files of this subseries.

## Civil Service Resolutions (Charles H. Palmer), 1959-1973

Physical Description: 4 Cubic Feet 4 Record Cartons

### Scope and Contents note

This series is a collection of resolutions forwarded to Charles H. Palmer, Assistant Secretary to the Governor for Reports, from the New York Department of Civil Service. Each year of Governor Rockefeller's gubernatorial tenure is represented by resolutions that were approved by Governor Rockefeller on Palmer's recommendation and those resolutions that were "Withdrawn or Withheld" at the request of the Civil Service Department head. Resolutions would be withdrawn or withheld as a result of the information being superceded by a subsequent resolution or the reasons for the resolution being resolved in some other manner.

Civil Service Resolutions were adopted by New York State to increase or decrease the number of positions in the state government. Resolutions were not specific to an individual, but rather to a position or title.

## 1959-1960

Physical Description: 19 Cubic Feet

## Arrangement note

This subseries is arranged chronologically, and then alphabetically by correspondent.

## Scope and Contents note

This subseries, similar to the next six, contains the typical documents found in the bulk of this series, namely constituent correspondence to and from Governor Rockefeller. This subseries contains letters sent to Governor Rockefeller that were answered, those that were unanswered (labeled "no answer"), and some of the replies from 1959 to 1960. The files for L-Max are missing for both 1959 and 1960. Unique to this subseries, which documents the beginning of his 15-year tenure as governor, is the "Dinners and Luncheons" section that details functions in 1959. These folders include information on event arrangements and copies of the governor's remarks, sometimes with handwritten changes. Lastly, the distinction between "New York State Correspondence" and "New York State and Political Correspondence" is that the latter includes correspondence from outside New York State.

Physical Description: 37 Cubic Feet

### Arrangement note

This subseries is arranged chronologically, and then alphabetically by correspondent.

### Scope and Contents note

This subseries contains answered and unanswered letters from 1963 and 1964. A small portion of the 1964 documents, from correspondents with names beginning with A through Bra, was destroyed prior to inclusion in

the Rockefeller Family Archives due to water damage. In addition, Folders 1450 to 1460 in Box 58 (for names beginning with Sin-Sti) have evidence of past water damage and should be handled with extra care.

## Assorted Campaign and Political Materials, 1962-1970

Physical Description: 3.5 Cubic Feet

### Arrangement note

The files in this subseries are arranged by bill number within arbitrary groups, first for the Assembly and then the Senate.

### Scope and Contents note

This final subseries contains materials that fall outside of the scope of the previous eight. There are many items that pertain to significant Republican campaigns. Included in this subseries are items such as campaign kits, lists of campaign workers, budgets, lists of Republican convention delegates by state, and congratulatory telegrams sent by Governor Rockefeller. The final portion of this subseries comprises several folders of lobbying memos for both the state Assembly and the state Senate. These memos and the accompanying correspondence by various lobbying groups and individuals either support or oppose passage of bills introduced in the 1970 state legislative sessions.

## Public Relations File

Physical Description: 59 Cubic Feet

### Arrangement note

Subseries 1 is arranged chronologically.

### Scope and Contents note

This is a collection of press releases documenting the activities of the four Rockefeller Administrations (January 1, 1959 - December 18, 1973). The releases include announcements concerning appointments, new state programs, legislation initiated, signed or vetoed by the Governor, the Governor's reaction to major events, and other official statements and proclamations. Also included are complete transcripts and abbreviated summaries of the Governor's speeches, travel itineraries and schedules of appearances provided for the benefit of the press, and transcripts of Governor Rockefeller's Town Meetings. The Town Meetings were public forums designed to provide greater exposure for the Governor and his initiatives. They were held throughout the state in 1967, 1969, and 1972.

An incomplete collection of press releases from Rockefeller's 1958 gubernatorial campaign is also included here. There are also press releases and speech transcripts from Rockefeller's campaigns for the Republican nomination in the presidential elections of 1960, 1964, and 1968.

This file continues past Gov. Rockefeller's resignation December 18, 1973. The post-gubernatorial releases are transcripts of interviews, press conferences, and speeches. Topics covered during this period include the privately funded Commission on Critical Choices (of which he was the chairman), Watergate, and his appointment as vice president. The last press release in this series is dated October 16, 1974.

The Public Relations Files is not an entirely complete collection of Governor Rockefeller's press releases. A subject index is available. While it, too, has been proven incomplete, it is usable.

## Latin American Mission, 1969

Physical Description: 1.6 Cubic Feet

### Arrangement note

Subseries 2 is arranged chronologically.

### Scope and Contents note

Subseries 2 is a collection of daily releases issued during Rockefeller's Presidential Mission to Latin America in 1969. At the request of President Richard M. Nixon, Rockefeller consulted with the leaders of 20 Latin American republics to solicit their opinion concerning U.S. inter-American policies and to determine the needs and conditions of the countries. The visits were made over the course of four separate trips. The bulk of the material in this subseries is transcripts of Rockefeller's speeches delivered during the trips. Also included are lists and resumes of the 36 advisors of the Governor's testimony on his findings and recommendations before the House Subcommittee on Inter-American Affairs and the Senate Subcommittee on Western Hemisphere Affairs.

### Scope and Contents note

#### NOTE TO RESEARCHERS

This series contains a small portion of the office files of Hugh Morrow. They document his official activities in the execution of his duties as a member of Nelson A. Rockefeller's gubernatorial staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration and political campaigns. However, unless a document is personally signed by Nelson A. Rockefeller, or is referred to in a document personally signed by him, it should not be assumed that he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that files may contain documents or drafts addressed to Rockefeller which were never shown to him.

#### SCOPE AND CONTENT

This series contains a small portion of the files of Hugh Morrow, who served as a speech writer and special assistant to Gov. Nelson A. Rockefeller from November 1959 and was appointed Director of Communications on February 4, 1969.

**Books and Articles, 1960-1971****Scope and Contents note**

This subseries consists of drafts and correspondence regarding articles either prepared by Rockefeller or written for him by Morrow and others. Published copies are included for most of the articles. However, some files do not indicate whether publication actually occurred. This section includes correspondence on the production of three books by Rockefeller. They include "Unity, Freedom and Peace," Rockefeller's stand on various issues written for the 1968 presidential race; "Dear Mr. President," an unpublished book on foreign policy drafted by Rodney Campbell; and "Our Environment Can Be Saved," Rockefeller's 1970 strategy for saving the environment and supporting the arts. There are slim files on two other books: "The Future of Federalism," the book version of Rockefeller's 1962 talks at Harvard University's Godkin Lecture Series; and "The Real Rockefeller," Frank Gervasi's 1964 biography. There are no drafts for any of the books, including "Dear Mr. President." Copies of the published books are found in the Archive Center library.

### NOTE TO RESEARCHERS

This material in this series documents the official activities of departments, divisions, and agencies of the executive branch of the New York state government during Nelson A. Rockefeller's governorship. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration. However, unless a document is personally signed by Nelson A.

Rockefeller, or is referred to in a document personally signed by him, it should not be assumed that he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that these files may contain documents addressed to Rockefeller which were never shown to him.

## SCOPE AND CONTENT

This series consists of periodic reports prepared by departments and agencies of the New York state government for Gov. Nelson A. Rockefeller. The reports are of four different types, from four different periods representing each of Governor Rockefeller's four administrations. In general the reports offer an assessment of each department's responsibilities, goals, performance, problems, and needs. Each of the four different report types is found for most, but not all, of the departments. The four types of reports are as follows:

**Program Meeting Report, 1960.** Issued in late 1960, these were the result of meetings by representatives of each department with the Secretary to the Governor and the Counsel to the Governor. The purpose of the meeting was to identify the major issues each department would face in the coming year and to define any legislative and budgetary support necessary to meet the issues.

**Quarterly Reports, 1963-1966.** These were initiated by Governor Rockefeller in March 1963 in response to a fiscal crisis and a "taxpayer revolt" which affected the operation of all departments and construction programs. The reports were to include a one-page "Commissioner's statement," the status of major programs, emergency situations and other unusual developments, and brief summaries of recent research, publications, and management improvement plans. Many of the reports include charts, tables, other graphics, and appendices of departmental publications. The reports were submitted to Dr. William J. Ronan, Secretary to the Governor. Dr. Ronan's staff of Program Associates reviewed the reports and wrote one-page summaries highlighting the most important points and sometimes offering comments on the quality of the report. Copies of the reports, summaries, and a cover letter from Dr. Ronan were then forwarded to Governor Rockefeller, Lt. Gov. Malcolm Wilson, Budget Director Dr. T. Norman Hurd, and Counsel to the Governor Sol Neil Corbin (later Robert R. Douglass). Governor Rockefeller's handwritten comments are found on a few of these reports. The reports begin with the first quarter of 1963. Most agencies reported through the first quarter of 1966. The reason for terminating the reports is not found in this series. Further information on the guidelines for these reports can be found in folder 102, "Reporting Format."

**Agency Appraisal Reports, 1970.** These reports represent a self-analysis by each agency defining the agency's purpose, the status of its current programs, and its future plans and needs. They are similar to the Program Meeting Reports, but with more depth. The Appraisal Reports were compiled in the summer of 1970 and together they form a detailed snapshot of the executive branch of the New York state government.

**Monthly Reports, 1971-1973.** Actually issued every four weeks, these reports are short narratives written in memo form by each agency head. The average length is three pages, with no graphics and few appendices. The focus is on immediate issues and activities. The reports were sent to T. Norman Hurd (Director of State Operations, January 1, 1971-August 31, 1972, Secretary to the Governor, September 1, 1972-1975) who reviewed them and identified a few key points from each report in a summary to Governor Rockefeller. Up to a dozen reports were sent to Governor Rockefeller at a time with a one page summary covering all the reports. Points highlighted in the summary were keyed to numbered tabs attached to the reports. These summaries are filed separately in folders 105-107, "Forwarding Memos and Summaries." Many of the summaries bear Governor Rockefeller's handwritten comments. These reports began in March 1971 and the last ones are dated late November or early December 1973, just before Governor Rockefeller's resignation on December 18.

### Biographical/Historical note

William J. Ronan (b. November 8, 1912) served as Secretary to Governor Nelson A. Rockefeller. He received his undergraduate degree magna cum laude at Syracuse University in 1934. He earned his Ph.D. in political science and economics at New York University. After graduating from NYU, Mr. Ronan taught there and served as administrative head of the Graduate Division of Public Service from 1939 to 1952. In 1953, he became Dean of the Graduate School of Public Administration and Social Service.

He served New York in several capacities prior to joining the Rockefeller administration. He was director of studies of the New York State Coordination Commission and conducted surveys of the State Education Department, the Civil Service Department, Public Authorities of New York State, the State Bureau of Motor Vehicles, and the nonjudicial positions in the state courts.

He became closely affiliated with Governor Rockefeller beginning in 1956, when Ronan served as the Executive Director of the Temporary State Commission on the Constitutional Convention and also of its successor organization, the Special Legislative Committee on Revision and Simplification of the Constitution. Ronan later became First Deputy City Administrator of the City of New York and served at the federal level with the Department of State and the Civil Service Commission. During his last two years as Governor Rockefeller's Secretary, Ronan also headed the Metropolitan Transit Authority.

### Scope and Contents note

#### NOTE TO RESEARCHERS

This series contains office files of William J. Ronan. They document official activities in the execution of his duties as a member of Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is specifically addressed to or from Nelson A. Rockefeller, or is referred to in a document addressed to him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

#### SCOPE AND CONTENT

This series primarily covers the years when William Ronan served Nelson Rockefeller as Secretary to the Governor, 1959 to 1966. From 1965 to 1966, Ronan also served as head of the Metropolitan Transit Authority. The bulk of this series is composed of reports prepared for Governor Rockefeller by various state departments and agencies. Some of these reports duplicate those found in Record Group 15, Series 28, Departmental Reports.

Physical Description: 9.2 Cubic Feet 23 Boxes

### Arrangement note

There are four subseries in this series, all of which are arranged alphabetically:

Subseries 1: Correspondence, 1967-1970 Subseries 2: Kissinger Reports on World Affairs and Countries, 1967-1969  
Subseries 3: Issues and People, 1966-1973 Subseries 4: Campaign 1968

### Biographical/Historical note

Ann Cook Whitman (1908-1991) was born in Perry, Ohio. She attended Antioch College, where she enrolled in the school's work-study program. She was sent to the Institute for Child Guidance in New York City. She chose a career as a secretary and left college. Her next job was as a personal secretary to Adele Rosenwald Levy, whose father, Julius Rosenwald, was a founder of Sears, Roebuck & Company.

In the early 1950s, Whitman worked for the Committee for a Free Europe. She was recruited to work for the Eisenhower presidential campaign in 1952, going on to work for Eisenhower as his personal secretary through his eight years in the White House and then for a short time at President Eisenhower's retirement home at Gettysburg.

In 1961, Whitman went to work for George Hinman, a political advisor to Governor Nelson Rockefeller. In 1965 she became Rockefeller's executive assistant. She went on to serve as Rockefeller's chief of staff during the first six months of his Vice Presidential tenure. In June 1975, Whitman returned to New York, assisting Rockefeller until her retirement in 1977.

## Scope and Contents note

### NOTE TO RESEARCHERS

This series contains the office files of Ann C. Whitman. They document her official activities in the execution of her duties as a member of Governor Nelson A. Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is personally signed by Nelson A. Rockefeller, or is referred to in a document personally signed by him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

### SCOPE AND CONTENT

In her role as Governor Nelson A. Rockefeller's executive assistant, Ann Whitman maintained a large number of his office files. This series primarily covers the time period surrounding the 1968 Presidential election, when Governor Rockefeller sought the Republican party's presidential nomination. A significant portion of the material deals with the deepening conflict in Vietnam.

## Kissinger Reports on World Affairs and Countries, 1967-1969

Physical Description: 2.8 Cubic Feet 7 document boxes

### Scope and Contents note

This subseries contains reports organized, drafted, and written by Kissinger or his staff, and submitted to Governor Rockefeller by Henry Kissinger. Kissinger and Rockefeller worked together on projects dating from the time when Kissinger directed the Rockefeller Brothers Fund Special Studies Project. Kissinger was on the faculty of Harvard University when these reports were prepared. Following the 1968 presidential election he began his service to the federal government as a Special Assistant to Richard Nixon.

The majority of the information contained in the reports and workbooks was eventually placed into the "Workbook on Problems in Foreign Policy of the United States," a staff report for the Republican Governor's Association Policy Committee, published in June 1968. There are also meeting notes with background information on foreign dignitaries that Rockefeller was scheduled to meet. There is also a folder of material prepared for Governor Rockefeller in advance of the Presidential Mission to Latin America, which was undertaken at the request of President Nixon in 1969.

Physical Description: 4 Cubic Feet 10 document boxes

**Scope and Contents note**

This subseries contains a portion of the working files of Governor Rockefeller. New York State issues predominate; however, many files are concerned with national matters, reflecting his pursuit of the Republican presidential nomination in 1968 and his general interest in broader issues. On March 21, 1968, Governor Rockefeller declared he would not be a candidate for President in 1968. On April 30, he reversed himself and redeclared his candidacy for the Republican nomination. He actively campaigned until the Republican Convention. Of note in this subseries are three folders of Governor Rockefeller's handwritten notes from meetings he attended; the notes are undated and the majority do not identify the nature of the meetings.

At the conclusion of the subseries is an alphabetical run of state files. These files contain press releases announcing the naming of state chairs of Rockefeller for President committees in 39 states and the District of Columbia. File titles containing the name of a city and a date, indicate a "trip briefing book" outlining scheduled appearances by Governor Rockefeller in that state. #### NOTE TO RESEARCHERS

This series contains the office files of Gene Wyckoff. They document official activities in the execution of his duties as a member of Nelson A. Rockefeller's staff. The actions, decisions, and exchanges of information or points of view documented here occurred in the course of proposing and implementing policies for the Rockefeller administration, political campaigns, and/or Rockefeller's personal activities. However, unless a document is personally signed by Nelson A. Rockefeller, or is referred to in a document personally signed by him, it should not be assumed he saw the document or was aware of its existence or substance. Furthermore, researchers should bear in mind that staff files may contain documents or drafts addressed to Rockefeller that were never shown to him.

#### SCOPE AND CONTENT

This series is a nearly complete representation of "Executive Chamber," a television program written and produced by Gene Wyckoff. Topics were worked out in conjunction with Governor Nelson Rockefeller and members of his staff. The programs, broadcast in late 1964 and 1965, were designed to make clear the Governor's position on issues of importance to New York State voters.

## New York Republican State Fund Raising Reports, 1967-1973

Physical Description: 1 Cubic Feet 1 Box

### Scope and Contents note

This series consists of copies of financial reports of New York Republican fund raising committees, dated 1967 to 1973, filed with the New York Secretary of State in accordance with New York State election laws at the time. There are 10 reports from the New York Republican State Dinner Committee and 19 reports from the Governor's Club. These are file copies of reports sent to the Secretary of State by James G. Hellmuth, who served as treasurer for both organizations. All but three reports have cover letters from Hellmuth. Attached to the cover letter of most of the reports are certified mail receipts and return receipts from mailing the original reports.

The reports consist of Schedule A--receipts--and Schedule B--disbursements. Schedule A is an itemized list of contributions which include the name and address of each contributor and the date and amount of the contribution. Contributions are listed in the order in which they were received, thus finding a particular name is time consuming. Schedule B is a short list of expenses and contributions. With three exceptions all the contributions from both organizations were to the New York Republican State Committee. However, the Dinner Committee made contributions to the New York Republican County Committee in 1968, to the United Service Organization in 1969, and to the Friends of the Rockefeller Team in 1971. The Governor's Club maintained a running balance from year to year, while the Dinner Committee contributed the entire balance, after expenses, at the end of each year.

Other than a covering letter these reports contain no correspondence, charter, or promotional literature or any other evidence of the nature of these organizations or who ran them. Since the reason for each expense is summarized in one or two words, Schedule B offers scant clues about the types of premiums offered in return for a contribution.

The size of the individual contributions was evidently in response to appeals for certain amounts. The contributions listed in the 1968 report for the Governor's Club, for example, are either for \$100 or \$500, mostly the latter. Members of the Rockefeller family are found among the contributors in each of these reports. Rockefellers contributing to the Governor's Club include NAR's brothers--John D. 3rd, Laurance S., Winthrop, and David Rockefeller--and his sons Rodman and Steven. Their contributions are in the \$100 to \$500 range like all the others. An exception is in 1973 when David and Laurance each contributed \$5,000 in addition to their usual \$500 contribution. Regular Rockefeller contributors to the Dinner Committee include NAR, John 3rd, Laurance, David and Martha Baird Rockefeller, NAR's stepmother. NAR's sister, Abby Rockefeller Mauze, contributed in 1970 and 1971. The size of these contributions is at the high end of the scale; \$1,500 each in 1967 and 1968, \$3,000 each in the years following. An exception is 1970, the year of NAR's costliest gubernatorial campaign, when four family

members made contributions of \$6,000 each. The most common amount from other contributors to the Dinner Committee was \$150. NAR's former wife, Mary C. Rockefeller, made a \$500 contribution in 1967.

The volume numbers were added when the material was processed in 1999.
