Biographical/Historical note

CORPORATION

The Rockefeller Institute for Medical Research was founded in 1901, in New York City, by John D. Rockefeller for the purpose of medical research with special reference to the prevention and treatment of disease. Control rested in seven Directors of the Corporation. Funds from the original grant, provided up to an average of \$ 20,000 a year for ten years. In June 1902, a second pledge of \$ 1,000,000 over ten years was made. These funds were informally handled by drawing upon Mr. Rockefeller's office against the amounts which had been pledged. In November 1907, when Mr. Rockefeller announced an endowment fund to the Institute of \$ 2,600,000 in stocks and bonds, the transfer could not be made directly to the Directors since the Charter of 1901 did not give the Corporation specific authority to hold invested funds. The funds earmarked for the Institute were thus included in a gift to the General Education Board.

In May 1908 the Charter was amended to permit the Corporation to create, either by contract or by-law with the donor, a Board of Trustees empowered to hold investments. October 15, 1910 By-Laws for a Board of Trustees were adopted and a further gift of \$3,820,000 was announced, thus providing an endowment of \$ 6,420,000. Additional gifts from John D. Rockefeller gave the Trustees of the Institute more than \$34,000,000 in land, buildings and endowment over the first twenty years. In 1928 Mr. Rockefeller made another gift of \$ 20,000,000. By 1953 the dollar value of the Institute's endowment was \$ 107,000,000.

The Board of Directors was supplanted, in the Charter amendment of 1908, by a Board of Trustees and a Board of Scientific Directors, (the original Board of Directors) as members of the Corporation. As provided in the 1910 By-Laws, the real property and the principal of all permanent funds were under the exclusive control of the Board of Trustees; all of the scientific work of the Institute, including the work of the Hospital was to be under the exclusive control of the Board of Scientific Directors.

The Corporation functioned through a five-man Budget Committee comprised of three members chosen by the Board of Scientific Directors and two members chosen by the Board of Trustees. Further changes in By-Laws in 1928 provided that of the three Budget Committee members representing the Scientific Directors, at least one, was to be also a member of the Board of Trustees. In 1937 further changes in By-Laws provided that any portion of the income for any year not expended in accordance with the budget for that year, was to be under the exclusive control of the Board of Trustees.

The Board of Trustees elected the President, Vice-President, Secretary and Treasurer of the Corporation, of whom the first three officers were also the officers of the Board of Trustees. The first President was Frederick T. Gates, succeeded 1929-1950 by John D. Rockefeller, Jr., and succeeded in 1950 by David Rockefeller.

In 1953 an extensive reorganization began. New By-Laws, adopted June 23, 1953 provided [?]. The Members of the Corporation shall consist of the members of the Board of Trustees and the members of the Board of Scientific Directors as those Boards are constituted on the twenty-third day of June 1953, and hereafter the said Boards shall be merged into one Board Known as the Board of Trustees.

The Board of Trustees was also designated the Corporate Board of Directors. Elected officers were Chairman of the Board, Vice-chairman, President, Vice-President, Secretary and Treasurer. David Rockefeller was named the first Chairman of the Board and Detlev W. Bronk was named the first President of the Institute.

November 19, 1954 the Charter of the Institute was amended by the Board of Regents, for and on behalf of the Education Department of the State of New York, so as to authorize the Institute to grant degrees. The Corporation thus became part of the University of the State of New York, subject to the jurisdiction and visitation of the Regents of the said University in all respects as though the Corporation had been originally incorporated by the Regents. June 1958 the Charter of the Institute was again amended to change the name from The Rockefeller Institute for Medical Research to The Rockefeller Institute.

On May 27, 1965 the Board of Regents amended the Charter of the Institute in its entirety and changed the corporate name from The Rockefeller Institute to The Rockefeller University.

In accordance with By-Laws adopted October 17, 1966 the Corporation shall consist of the members of the Board of Trustees as constituted from time to time.

Governing Boards of The Rockefeller Institute for Medical Research, 1901-1911, from information in the Minutes of the Board of Scientific Directors, May 1901-June 1911 (The first minutes of the Board of Trustees are dated 17 October 1910)
