Papers, 1910-1950	box 1

### Scope and Contents

Papers are primarily administrative correspondence, 1910-1950 including handwritten letter applying, for fellowship at The Rockefeller Institute for Medical Research. A few biographical items, including early photographs, newspaper items, bibliography and Memorial Minute are included.

Administrative correspondence deals with budgetary matters, expansion of laboratory space, scientific assistants.

Includes 1933 exchange on extension of appointment of Albert Claude; 1934-1935 exchange regarding reappointment of Clara Lynch; 1927 Simon Flexner correspondence regarding appointment of Esther Boughton as technical assistant; and 1947-1949 correspondence and decisions, and budget material dealing with American Cancer Society grant based upon recommendation of Committee on Growth of the National Research Council.

1948 April 5 copy of letter from Herbert Gasser to John D. Rockefeller, Jr. explaining terms of grant from American Cancer Society for work in J.B. Murphy's laboratory providing that discontinuance would not embarrass the Institute.

Reprints lacking from bound volumes:

No. 9 Murphy, J.B. Transplantability of malignant tumors to the embryos of a foreign species. *Journal of the American Medical Association*. 59. 1912. 874-875.

No. 41 Murphy, J.B., Hussey, Raymond G., Nakahara, W., Sturm, E., Studies on X-ray effects. VI. Effect of the cellular reaction induced by x-rays on cancer grafts. *Journal of Experimental-Medicine*, 33, 1921, 299-313.

No. 47 Murphy, J.B., Witherbee, W.D., Craig, S.L., Hussey, R.G., Sturm, E. Effect of small doses of x-rays on hypertrophied tonsils and other lymphoid structures of the nasopharynx. *Journal of Experimental Medicine*, 33, 1921, 815-832.

No. 75 Murphy, J.B. Helmer, O.M., Sturm, E. Association of the causative agent of a chicken tumor with, a protein fraction of the tumor filtrate. *Science*, 68, 1928, 18-19.

No. 78 Murphy, J.B. The nature of the filterable agent in chicken tumors. *International Conference on Cancer*, London, 1928 (preprint).

No. 113a Murphy, J.B. An analysis of the trends in Cancer research. *Journal of the American Medical Association*, 120, 1942. No. 107-111 (Third Barnard Hospital Lecture read before the St. Louis Medical Society, Nov. 18, 1941).

Separated Materials:

**Separated Materials**

Bound reprints removed to RAC library 8/9/88.
