Biographical / Historical

The Institute of International Education (IIE) was established in 1919 by Nobel Prize winners Nicholas Murray Butler, Elihu Root and Stephen Duggan, Sr. The founders sought greater understanding among nations, primarily through the establishment of international educational exchange between United States institutes of higher education and foreign actors interested in formulating and developing active and ongoing educational understanding. As the Institute grew, developed and matured, it has continued to focus in the area of scholars exchange, as well as education services, international development and leadership training.

IIE initially focused on facilitating student, faculty, and teacher exchanges with European countries. In the 1930s their scope expanded beyond Europe to include exchanges between the Soviet Union and Latin America. During this period the Institute also established the Emergency Committee to Aid Displaced German Scholars which later expanded to include scholars fleeing facist Spain and Italy as well. In the

[^] Return to Table of Contents

1950s this program was utilized to support Hungarian refugees. In the early 2000s IIE Trustees together with other donors endowed the Scholar Rescue Fund (SRF).

Following WWII, the Institute helped establish the Association of International Educators (NAFSA) and the Council on International Education Exchange (CIEE) for which they serve to administer the CIEE faculty component and the graduate student component of the Fullbright program, which continues to today as the Institute's largest program.

^ Return to Table of Contents

Scope and Contents

Record Group 2 of the IIE archives is an extensive but not comprehensive card file index of grantees/ alumni maintained by IIE staff spanning the 1920s to the 1990s. Most of the cards reflect files that can be found in the Record Group 1 Alumni and Historical Files (FA1289) which are available as microfilm at RAC.

The amount and the level of detail recorded on each card is inconsistent and often varies. The cards generally provide a quick snapshot of basic information about the grantees/alumni such as: name, address, country of origin and field of study. Some cards also provide the program name or number, the dates of the grant, and the host country and/or host institution. Some of the cards also provide the corresponding reel number, side number and index number for the associated files on microfilm which in such cases can provide an entry point to the microfilm for the associated files.

^ Return to Table of Contents

Arrangement

Order is maintained as the records were received, by the surname of the grantee, with three alphabetical runs of cards spanning Box 1-101; Box 101-105 and Box 106-107.
